Rocky Labels U.S. Asia Policy As 'Bankruptcy'

ANAHEIM, Calif. (AP)—Gov. Nelson A. Rockefeller accused the Democratic administration today of "bankruptcy" in its policies in Southeast Asia.

Such bankruptcy, he contended, may be blamed for recent Communist successes in jungle warfare.

Rockefeller accused the Democrats of "temporizing, neutralizing, tranquilizing and rational-

izing" in the face of the crisis marked by the Communist push in the strategic Plain des Jarres in Laos.

The New York governor, in a statement in the midst of a campaign tour for support in California's fast approaching primary, warned that if Laos falls, Thailand will be next and it may shake Malaysia's ties with the West.

Rockefeller urged these steps: 1. That the United States insist the neutrality it negotiated for Laos be respected by all signatories, and that it should no longer tolerate the use of that country as a sanctuary for guerrilla action in South Viet Nam.

2. That the administration should make it clear it will support the territorial integrity of Thailand and should be prepared, if necessary, to offer U.S. military aid.

3. That if the Communist advance continues, the U.S. should move to secure the Mekong River Valley, the border between Laos and Thailand.

4. The U.S. should give "all practical support" to end the use of Laos as a sanctuary for the war in South Viet Nam.

Rockefeller said these acts might include immediate warnings that South Vietnamese planes would bomb Viet Cong supply lines in Laos unless that country quits allowing guerrillas to operate from there.

"It is high time," Rockefeller said, "the Democratic administration in Washington learns that the aggressor will never choose a point of attack where it is most convenient for us to respond."

Rockefeller, commenting that you fight a little harder when

Negro Juror's Claim Leads To Mistrial

SAN FRANCISCO (AP)—As the foreman was about to read a civil rights trial jury's decision Wednesday, one of two Negro jurors stood up and shouted, "I was assassinated and crucified in the jury room because I am a Negro."

The charges touched off a near riot in the courtroom and caused Judge Andrew J. Eyma to declare a mistrial.

One courtroom spectator, William Bancroft, 20, was arrested for hitting a court bailiff.

Jurors Geraldine Earp and Josephine Nichols made their charges after the jury had deliberated 25 hours following the two-week trial of 14 defendants.

"I want to be excused. I put myself on trial the minute I walked into the jury room because I am a Negro," Mrs. Earp said.

White members of the jury said the Negro women disregarded the evidence and the judge's instructions and decided the case on a civil rights basis.

Later a jury in the court of Municipal Judge Lawrence Mana convicted 12 defendants who were arrested in the Cadillac agency on charges of trespassing and unlawful assembly. Nine of these defendants additionally were convicted on charges of failure to disperse.

Of 509 demonstrators arrested in the Sheraton-Palace Hotel and various auto agencies demonstrations in March and April, 35 have been convicted and 45 acquitted. Four cases have been dismissed and 14 have pleaded no contest.

Good Humor Man Also Bootlegger

WASHINGTON (AP)—The friendly ice cream man—dubbed by police as the "ding-a-ling bootlegger"—has been arrested for dispensing too much cheer.

Police said the vendor, Andrew W. Townsley, 22, sold not only frozen goodies but also alcoholic beverages.

Authorities in nearby District Heights, Md., said they had been hearing about Townsley's dual merchandising role for two weeks.

Townsley was arrested Wednesday and charged with selling alcoholic beverages to a minor and contributing to the delinquency of a minor. He was held in jail in lieu of \$1,000 bond on both charges.

"AN ORDINARY FAMILY" — Mrs. Clarice Accardo (right), wife of crime syndicate leader Tony Accardo, and daughter, Mrs. Linda Palermo, arrive for what Mrs. Accardo called "an ordinary wedding shower," after which she allegedly spat in a photographer's eye. The "ordinary affair," was the social event of the year for Chicago's underworld. Accardo's son, Tony, is scheduled to get married to Jayne Hawley, a former airline stewardess.

Attack on Cuba Is Still Awaited

MIAMI, Fla. (AP)—The long-promised attack on Communist Cuba by the Revolutionary Junta, an exile group, appeared today to be something for the future—or a well-kept secret.

The junta, at the end of Cuba's May 20 independence anniversary on which it planned to have men fighting in Cuba, issued a statement which did not mention any attacks by its forces.

Rogelio Cisneros, chief in exile of the junta, told reporters one of the organization's objectives—harassing the Fidel Castro dictatorship—had been achieved, "especially from the point of view of psychological warfare."

A Havana dispatch said the

military had been placed on alert, with all leaves canceled.

"The threats of attack have served a magnificent purpose in forcing extraordinary measures upon the Castro regime and doubtless producing widespread unrest and chaos in the already-floundering Cuban economy," said another exile leader.

There was a flurry of rumors about sabotage and minor forays by junta forces led by Manuel Ray. But the Havana regime's radio confirmed none of them. Exiles recalled, however, that it took Havana radio 15 hours to confirm last week's attack on a sugar mill by an exile group.

The junta's statement appealed to all Cuban exiles to help the fight to overthrow Castro.

"Popular victory does not come in the form of spectacular invasion," it added.

No action was announced by two other leading militant forces among the exiles, the Revolutionary Recovery Movement, which attacked the sugar mill, and the forces headed by guerrilla fighter Eloy Gutierrez Menoyo.

Various reports circulated in Miami about events purportedly occurring in Cuba but there was no confirmation from Havana.

Mayor Asked To Deliver Groceries

WEST ALLIS, Wis. (AP)—Mrs. Richard Grohall, 32, called Mayor Arnold H. Kleintz on Wednesday, demanding he arrange to have some groceries delivered to her home.

The mayor said he couldn't do that, but he did call a meeting of public works officials to consider the Grohall family problem.

Mrs. Grohall said an alley paving project isolated her in her own home. "Trapped" with her, she said, were daughters Debra, 6, and Dianne, 3; her brother, Earl, and her mother, Mrs. Paul Ermis.

Her husband, a construction worker, got his truck out and went to work before the alley connecting their property to city streets was torn up.

A road leading to the Grohalls' one-acre lot was closed when a subdivider purchased the surrounding acres. When the alley was torn up for paving, that left the family with at least a three-block walk over private property to a public road.

A city official said she would by trespassing if she attempted the walk, Mrs. Grohall said.

Collegians Set Mark

NORMAN, Okla. (AP)—There were groans from the anchor men, but 56 University of Oklahoma students claimed a record Wednesday for piling onto a mattress.

Reds Snort at U.S. Stand on Asia Crisis

Civil Rights Scent Victory

Enough Votes Seen To Halt Filibuster

WASHINGTON (AP)—Senate Democratic and Republican leaders claim enough votes are in sight to halt the Southern filibuster and pass the civil rights bill next month.

The optimistic forecast came from Sens. Hubert H. Humphrey, the assistant Democratic leader and floor manager for the bill, and Everett M. Dirksen, the Republican leader and chief architect of a package of amendments designed to win over undecided senators.

With the showdown put off until early June, the leadership called on the Senate Appropriations Committee and others to catch up on their big backlog of bills until the civil rights fire-works start again.

The Senate is no longer being called in two hours early, and Saturday sessions may be abandoned.

Humphrey told reporters, "We will most likely file a cloture petition early in June."

"As we see it," the Minnesota added, "we will have enough votes to obtain cloture on the package."

Dirksen, in a separate interview, said he too hopes that once the cloture petition is offered there will be enough votes to limit debate. But, he added, "I must acknowledge the margin will be narrow."

Cloture is a device for choking off debate in the Senate. It requires a two-thirds majority of the senators voting—67 if all 100 are on hand.

Sen. Richard B. Russell, D-Ga., leader of the Dixie forces fighting the bill, told a reporter: "Pressure is increasing daily on senators to support the bill. Pressure also is increasing for the gag rule."

"I, therefore, make no claim as to being able to beat the gag rule or the bill."

He said the Southerners will keep on fighting, and declared: "Given time, the American people will make their views felt."

Drive-ins Told To Collect Tax

COLUMBUS, Ohio (AP)—Drive-ins must collect state sales tax on products consumed in their parking lots, the Ohio Supreme Court has ruled.

A unanimous decision by the high court Wednesday affirmed a tax assessment against Edward J. Iersich of Berea on ice cream products sold from his drive-in and consumed by patrons in parked cars.

Ohio's constitution exempts from taxation "the sale or purchase of food for human consumption off the premises where sold."

The court said that the sale of soft ice cream, consumed by customers in an adjoining parking area, is subject to the 3 per cent state sales tax.

North's Racial Liberalism Labeled Only 'Skin-Deep'

ATLANTIC CITY, N.J. (AP)—Tall, ruddy and Texan, the Rev. Dr. Howard R. Moody, transplanted from the South to an integrated church in New York City's Greenwich Village—believes racial liberalism in the North is mostly skin-deep.

"I just feel that when the chips are down the Northern white man, even though he professes to be liberal, really doesn't react any different than the Southern white," said Moody in an interview.

Moody, 43, has told delegates to the American (northern) Baptist Convention that when the Negro revolution reached into the big cities of the North last summer it caused "the retreat of the white liberal in the North."

The minister practices the liberalism he preaches. He was arrested last summer for kneeling in front of a cement truck in Brooklyn to protest job discrimination.

"The past twelve months have

Radcliff Retains Margin Following Recount of Votes

Dwight Radcliff retains the Democratic nomination for sheriff as a result of last night's recount of ballots by Pickaway County Board of Elections members and workers.

Retabulation of the ballots was requested by Sheriff Walton W. Spangler who lost the nomination to Radcliff by a narrow margin of 36 votes, according to the official tally following the primary. Last night's count showed Radcliff still ahead by 35 votes.

The official tabulation for Spangler was 2,879 and the recount vote was 2,883—an increase of four votes. Radcliff's official tally was 2,915. He picked up three votes in the recount, making a total of 2,918.

The biggest error corrected by the recount was in Circleville precinct 1-C. Spangler lost six votes to Radcliff.

OF THE county's 53 polling places, the recount showed a different tabulation—of one of two votes—in 10 precincts for Spangler. Seven precincts varied for Radcliff.

AS requested by Sheriff Spangler, all 53 precincts were recounted as they appear on the abstract. The count started with Circleville 1-A and ended with

Air Defense Chief Checks Ohio Missiles

WILMINGTON, Ohio (AP)—Lt. Gen. Charles B. Duff, commander of the Army Air Defense Command, is in Wilmington for an official inspection tour of the missile bases in the Cincinnati Army Defense Command headquartered at Wilmington.

Gen. Duff pointed out that the four Nike bases surrounding Cincinnati are armed only with the Nike-Hercules missile, which cannot intercept intercontinental ballistic missiles.

But, he said, the future of American air defense is bright, provided military men can get a go-ahead for production of the Nike "X" sprint missile, much faster than the Nike-Hercules, which has scored ICBM kills in its last seven tests.

With this program, Gen. Duff said the anti-missile bases around the country would be given more or less complete flexibility and defense effectiveness would be much greater.

He noted, however, that that system is at least five years away.

Wayne Twp. in the county area. Retabulation of the ballots got under way at 5:30 p. m. and was completed about 9:45 p. m. Participating in the recount were Frank Marion, Milton Manson, Ned Dresbach and Lucille Dumm, all board members; Richard Shaw, Betty McGinnis, William Stout and Mabel Puckett, extra workers.

Radcliff and his attorney, Emmett Crist, viewed one team of workers. Spangler and his attorney, Kenneth Robbins, were on hand to observe the second group of counters.

Once Around Roundtown

THE SOUTHEAST corner of Court and Watt Sts. has taken on a pleasing appearance. . . The comely sight stems from a renovation program at the Columbia Gas of Ohio office there. . .

One section of a former parking lot was cleared and landscaped, complete with bluegrass sod, evergreens and an outside post light. . . Local experts of the green thumb set have commented on the attractiveness of the newly established scene. . .

The outside improvement followed an extensive inside remodeling of the firm's office building.

General's Wallpaper Is of Silk

DETROIT (AP)—Yes, that's correct. Silk wallpaper adorns the bathroom of an Army general's office.

On the other hand, said Maj. Gen. Alden K. Sibley, the office occupant, the wallpaper cost less than tiling originally planned for the bathroom.

And the bathroom is small—"barely adequate" for the 20 people who use it daily, the general said.

Gen. Sibley's office bathroom and other appurtenances of his Army Mobility Command at suburban Warren came up for congressional review at Washington.

Rep. John J. McFall, D-Calif., raised a question of the general's "exotic taste" in hearing testimony made public Wednesday.

A request for \$245,800 for additional modifications to Sibley's headquarters was under consideration.

Other headquarters items mentioned included a lavatory vanity, walnut paneling, vinyl tile, and \$2,264 in carpeting to place over the tile.

Gen. Sibley, 53, former Rhodes scholar who holds degrees in theoretical and nuclear physics said there was "absolutely nothing elaborate" about his office.

Crewman Is Killed In Pennsy Rail Crash

LANDOVER, Md. (AP)—At least one crewman was killed and four others were injured early today when 17 cars of a Pennsylvania Railroad freight train carrying inflammatory liquid nitrogen derailed near this Washington suburb and caught fire.

Although a tank car carrying the liquid nitrogen ruptured, a team of 75 to 100 men from 15 fire companies brought the fire under control some two hours after it started.

Adlai's Talk Said 'Stupid'

U.N. Told U.S. To Continue Fight

UNITED NATIONS, N.Y. (AP)—U.S. Ambassador Adlai E. Stevenson pledged today that the United States will fight Communist forces in Southeast Asia as long as the people there are determined to remain independent.

The chief U.S. delegate acknowledged, however, that the situation in Southeast Asia "has taken a turn for the worse" and he warned that "those who are responsible have set foot upon an exceedingly dangerous path."

Stevenson, who rushed back Wednesday from a European tour, told the U.N. Security Council that it is the clear aim of both the Indochinese Communist party and the Communist leadership in Viet Nam "to take over control of all Indochina."

Soviet Delegate Nikolai T. Fedorenko quickly retorted that Stevenson's exposition of U.S. policy on Southeast Asia might be suitable for those who are "telling stories to little children and village idiots" but, he said, "There is no place here for such stupidity."

Fedorenko described Stevenson's speech as a "noisy and rather sensational show." He said Stevenson's statement about U.S. aims to defend the people of Southeast Asia does "not correspond to the facts."

"It is because of the interests of monopolistic capital," he said, "that simple Americans are daily dying and will continue to die."

A British spokesman said Stevenson's remarks on the general situation in Southeast Asia did much to clarify the picture, and that he put forward "constructive ideas" for a solution of the immediate problem of Cambodian-Vietnamese differences.

Informed quarters said Stevenson's speech had been cleared with Secretary of State Dean Rusk and President Johnson. Among specific suggestions put forward by the U.S. delegate on the border friction between South Viet Nam and Cambodia was a proposal for a U.N. force to patrol the border.

This was the first time the United States had proposed a role for the world organization in Southeast Asia.

Stevenson asserted that the

First Lady Visits Poor Hill Folk

JACKSON, Ky. (AP)—The nation's First Lady, displaying her farm background, hiked up a rocky eastern Kentucky hollow today to visit a poor mountain family.

Mrs. Lyndon B. Johnson, wife of the President, and Arthur Robertson, unemployed father of seven, chatted for more than 30 minutes about tobacco, "taters" and Poland China hogs. Mrs. Johnson stopped earlier for brief visits with students in one-room schoolhouses at Van Cleave and Malaga. The stops made her more than a half-hour late but she insisted on the visits.

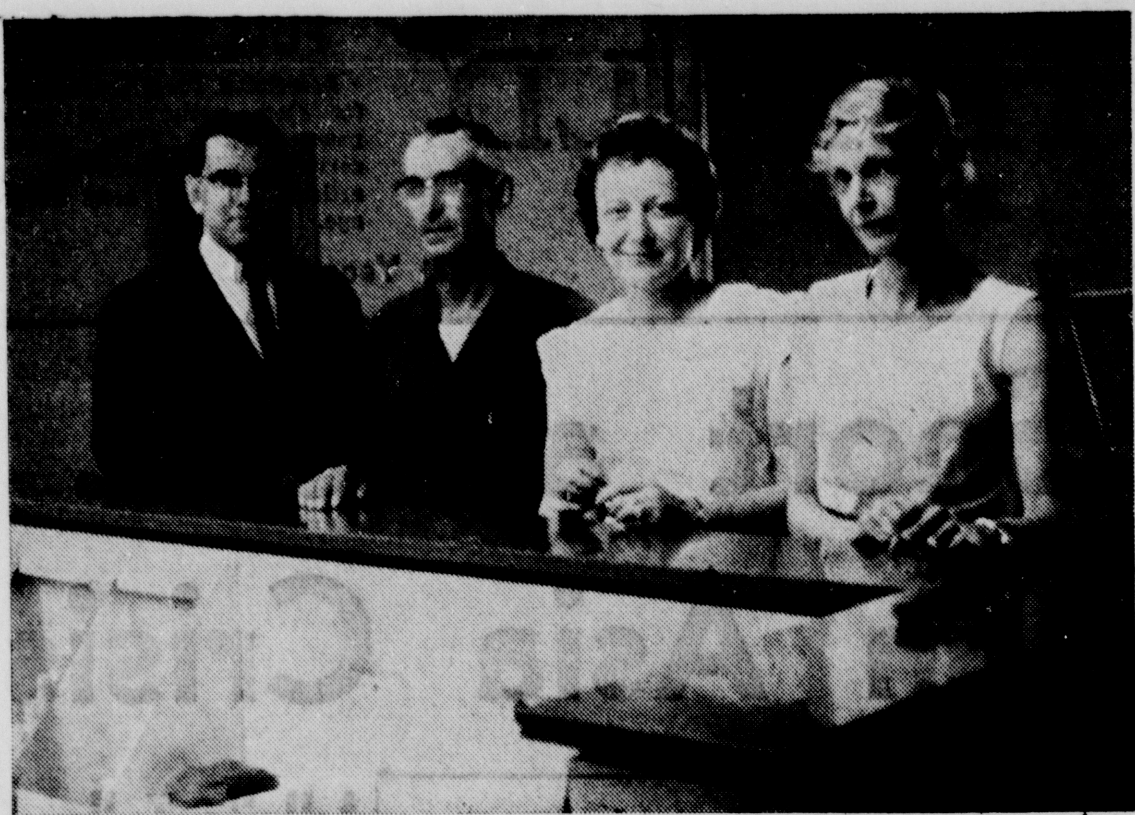

Mrs. Johnson was offered a school bus ride up the narrow trail to the Robertson home but decided to hike the distance—about three-quarters of a mile. After meeting the family, she chatted privately with them inside the house then toured the stony farmland with Robertson.

Robertson seemed at ease in the company of Mrs. Johnson, Gov. and Mrs. Edward T. Breathitt and about 100 newsmen. He chatted about everything from his children's fishing hole to his plans for a new tobacco bed.

Robertson's daughter, Judy Ann, 4, presented the First Lady with a small bunch of wildflowers on her arrival. Mrs. Robertson explained they were snake tongue and rooster comb.

NEW WING INSPECTED — Berger Hospital's new maternity wing received one of its many periodic inspections yesterday by hospital officials and representatives of the architectural firm and construction crews. The new wing is to be dedicated the latter part of June. Pictured here, following yesterday's inspection, are Wayne Deebie, of Don Carmichael Architects; Waldo Bowman, construction superintendent; Mrs. Margie Rhoads, obstetrics supervisor; and Miss Ellen Leist, hospital superintendent.

Adlai's Talk ...

(Continued from Page One)

United States had often come to the aid of countries attacked from the outside and said it will do so again "unless the lesson is learned once and for all by all aggressors that armed aggression does not pay—that it no longer works—that it will not be tolerated."

The council debate originally was sparked by a Cambodian charge that the United States and South Viet Nam had committed aggression in recent border incidents. Both the United States and Viet Nam replied that the violations were accidental and that they wanted to settle the matter peacefully.

Meanwhile, however, the United States plunged into general exposition of the U.S. policy in all southeast Asia.

Stevenson told the council: "The United States cannot stand by while southeast Asia is over-run by armed aggression. As long as the peoples of that area are determined to preserve their own independence

and ask for our help in preserving it we will extend it. This of course, is the meaning of President Johnson's request a few days ago for additional funds for more economic and military assistance for Viet-Nam.

"An if anyone has the illusion that my government will abandon the people of Viet-Nam—or that we shall weary of the burden of support that we are rendering these people—it can only be due to ignorance of the determination and stamina of the American people."

He declared there is a very simple way to restore order in southeast Asia and to bring about the end of the U.S. military aid to South Viet Nam.

"Let all foreign troops withdraw from Laos," he said.

"Let all states in that area make the simple decision to leave their neighbors alone. Stop the secret subversion of other people's independence. Stop the clandestine and illegal transit of national frontiers. Stop the export of revolution and the doctrine of violence. Stop the violations of the political agreements reached at Geneva for the future of southeast Asia."

"The people of Laos want to be left alone."

"The people of Viet-Nam want to be left alone."

"The people of Cambodia want to be left alone."

"When their neighbors decide to leave them alone—as they must—there will be no fighting in southeast Asia and no need for American advisers to leave their homes to help these people resist aggression. Any time that decision can be put in enforceable terms, my government will be only too happy to put down the burden that we have been sharing with those determined to preserve their independence. Until such assurances are forthcoming, we shall stand for the independence of free peoples in southeast Asia as we have elsewhere."

Returning to the specific issue of Cambodia, Stevenson offered these three additional suggestions:

—That the council request Cambodia and South Viet Nam to establish a substantial military force on a bilateral basis to observe and patrol the frontier and report to U.N. Secretary-General U. Thant.

—That the bilateral force be augmented by U.N. observers and possibly placed under U.N. command to provide an impartial third party element "representing the world community."

—That an all U.N.-force be established to patrol the border. But this would be more expensive, but if this was proved desirable "the United States will be prepared to contribute."

Stevenson branded as "malicious fairy tales, charges made by the Soviet Union on Tuesday that the United States was organizing military action against the people of the Indochinese Peninsula."

Tractor Kills Farmer

NAPOLEON, Ohio (AP)—Otto F. Miller, 69, of Rt. 1, McCleure, was killed Wednesday when a tractor overturned while he was working at his farm.

War Planes Keep Busy

WASHINGTON (AP) — Although hampered by the rainy season U.S. and South Vietnamese air force planes are flying more than 1,000 missions a week against the Communist insurgents, analysis of recent action reports showed today.

Man Nabbed After Firing At Police

TOLEDO, Ohio (AP) — A man sought by the Ohio Highway Patrol was captured here early today after he stole a car within a half mile from where he fired several shots at turnpike patrolmen Wednesday morning.

The man, tentatively identified as Al Huff of Chicago, reportedly admitted shooting at the officers.

The patrol said Huff stole a fisherman's car parked along Ohio 51 near the turnpike and headed toward Toledo. The fisherman saw his car drive off and notified the patrol. Huff was stopped at a police road block in Toledo and was arrested after attempting to escape on foot.

The shooting incident Wednesday occurred when two patrolmen stopped a car on the turnpike's Stoney Ridge interchange for a routine license and registration check.

The driver, identified as Gerald Basen, 33, of Chicago, was unable to produce a driver's license or auto registration slip and was asked to get out of the car.

A passenger in the car, identified by the patrolmen today as Huff, leaped from the car and fled on foot firing several shots at the officers. Neither patrolman was wounded.

Meanwhile Chicago police said the car Basen was driving was stolen. Basen, held for driving with no operator's license, said he met Huff in Chicago Monday and assumed the car belonged to him. He said they were driving to Cleveland.

Romania Reds May Loosen Soviet Ties

VIENNA, Austria (AP)—Romania's Communist regime, in a show of independence from the Soviet Union, is telling its people for the first time that they must go their own way to make communism work.

Diplomatic reports today said that "away from Russian domination" rallies which have been held for about a month in factories and universities often result in anti-Soviet demonstrations protesting Moscow's influence and criticizing Soviet Premier Khrushchev.

The reports said the campaign is being staged to familiarize the Romanian people with the contents and aims of the April 22 party declaration in which the Bucharest regime pledged a policy of economic independence from Moscow and closer ties with the West.

However, diplomatic observers stress that the atmosphere in Romania is far from open hostility toward the Soviet Union. They rule out the possibility of political ferment that could lead to an uprising similar to that in Hungary in 1956.

Stock Prices Edge Higher

NEW YORK (AP) — A big leap by U.S. Smelting featured a generally higher stock market early this afternoon. Trading was fairly active.

U.S. Smelting's report that it has made a major copper ore discovery in New Mexico resulted in a delayed opening for the stock which was swamped with buyers.

It soared 10 points to a new high of 130 on a block of 26,000 shares and held that price in later dealings.

This touched off renewed trading eagerness for stocks with known or possible mineral and oil discoveries, both on the New York and the American Stock Exchange.

Rails lost the steam that propelled them into market leadership Wednesday. Big Three motors were fractionally higher. Selective gains by blue chips resulted in somewhat higher stock averages but the market had many dead spots.

The Associated Press average of 60 stocks at noon was up 6 at 307.6 with industrials up 1.6, rails up .5 and utilities off 3.

The Dow Jones industrial average at noon was up 1.64 at 821.75.

News of World in Brief

COLUMBUS, Ohio (AP) — Controlling Board released today \$63.5 million in public school subsidy payments for the May quarter.

The total included \$3.8 million for transportation and \$17.2 million in state contributions to the teachers and school employees retirement systems.

Finance director Richard Krabach said subsidy checks will go out to local school districts next week. He said it was the sixth consecutive time the state has paid school subsidies on or before the payment deadline.

COLUMBUS, Ohio (AP)—The Columbus Division of North American Aviation announced today the U. S. Army had awarded it a \$1.9 million contract for initial production of the Redhead - Roadrunner guided target missile systems. The Redhead - Roadrunner's prime purpose is to help exercise and train Hawk and other missile batteries of the U.S. Army Air Defense System.

DETROIT, Mich. (AP)—Some \$20 million will be paid Friday to 63,000 hourly rated Chrysler Corp. employees who are giving up summer vacations for work. This includes employees at Chrysler plants in Michigan and other states, the auto company said. Payments will range from 40 hours pay to employees having one to three years of seniority to 120 hours' pay for those having 15 or more years of seniority, Chrysler reported.

OKLAHOMA CITY, Okla. (AP)—The 176th general assembly of the United Presbyterian Church in the U.S.A. opened today with the possibility the first Negro ever to head the national body will be elected moderator. He is the Rev. Edler G. Hawkins, pastor of St. Augustine Presbyterian church in the Bronx, New York City.

In 1960 he failed to win election to that position by only two votes.

Other candidate endorsed for the position is the Rev. Alva Ray Cartledge, pastor of the Church of the Covenant, Erie, Pa.

HOUSTON, Tex. (AP) — The Manned Spacecraft Center said today all space suits will be given comprehensive tests by the Air Force at Wright-Patterson Air Force Base near Dayton, Ohio.

The space agency transferred \$30,000 in funds to the Air Force for the year-long study.

Tests will include placing the suits in lunar gravity — one-sixth that of earth — and in zero gravity — the weightless condition encountered in outer space.

The gravity is simulated by a KC-135 airplane making steep dives toward earth.

Pilots will test the mobility of the space gear in putting them on and off.

NEW YORK (AP)—"A 'lawyers corps' has been formed to defend civil rights demonstrators in the South this summer.

Seven major civil rights groups announced Wednesday the formation of the Lawyers Constitutional Defense Committee. A spokesman said 60 volunteers will spend at least two weeks each in Mississippi, Alabama, Georgia, Louisiana and Florida, serving without pay.

WASHINGTON (AP) — President Johnson has given the green light for detailed studies of the air frame and engine — and development of some engine parts — for the proposed American supersonic airliner.

His approval Wednesday of what he called "a program for action designed to move the

Safe-Diving Bubble Bursts

DAYTON, Ohio (AP)—Men, beware. Don't tell this to the women:

They were having a safe-driving promotion meeting here Wednesday as part of women drivers recognition week. Among the participants were 50 men—selected for honorary membership.

As things got underway, Red Cross volunteers, including a 60-year-old woman, began inspecting the automobiles.

The woman was stooped over, checking a rear license plate when it happened—a car bumped her. It was the first accident in the history of the safety meeting.

She was treated at a local hospital.

The unsafe driver? You guessed it, one of the honorary participants.

Bulldozer Fouls Traffic

CINCINNATI (AP) — A runaway bulldozer plowed its way through traffic Wednesday night on a busy Cincinnati expressway as speeding motorists slammed on brakes in disbelief.

There were no injuries and the only damage was \$100 reported by Leslie Roy, 53.

Roy, in a small foreign car, said he saw the dozer, but thought it would stop. He realized too late it had no driver and the vehicle struck his car.

The dozer crossed a median strip, halting traffic, and finally plunged down a 30-foot embankment.

Police believe the dozer was started on its quarter-mile journey by youngsters who knocked it out of gear, causing it to roll onto the expressway from a Procter & Gamble Co. lot.

3 Motorists Listed On Court Docket

Three motorists were listed on the Circleville Municipal Court traffic docket today. They were:

Charles A. Smith, 35, Cleveland; \$10 and costs for speeding 60 miles per hour in a 50 mile zone.

Carol McCarthy, 30, Ironton; \$29 bond forfeiture for speeding 80 miles per hour in a 60 mile zone.

Faye C. Jolly, 39, Columbus; \$44 bond forfeiture for failure to stop within an assured cleared distance.

Bliss Quits Akron Job

AKRON, Ohio (AP)—Ray C. Bliss, reelected last week as chairman of the Republican State Central and executive committee, has resigned as Summit County Central Committee chairman to devote full time to the state job.

Court News

Real Estate Transfers

Richard V. and Margaret Ann Carter to Doris Carter Haynes, undivided 1/2 interest of lot 35, Circleville.

Kathryn S. Brucker to Ashland Oil and Refining Co., 0.852 of an acre, Circleville.

Talmer and Florence Wise to Ashland Oil and Refining Co., 0.592 of an acre, Circleville.

Thomas D. Gilliland to Jerry L. and Marlene Pritchard, 0.55 of an acre, Circleville Twp.

Earl and Millicent Figgatt to O. M. and Connie R. Brown, part outlot 6, Circleville.

Estate Inventory

Pearl Kennedy, Ashville; personal goods and chattels, \$100; real estate, \$5,000; total inventory, \$5,100.

Melchior To Wed, Go on Bear Hunt

SANTA MONICA, Calif. (AP) — Lauritz Melchior, 74, retired opera star, will be married on Saturday—two weeks before he takes off for the North Pole and a polar bear hunt.

Melchior and Mary Markham, 40, took out their marriage license Wednesday at Santa Monica and announced they would be wed at Melchior's nearby estate in a chapel built especially for the ceremony.

Miss Markham said they would fly to Honolulu for a honeymoon.

"Then," boomed Melchior, "I'm going on a polar bear hunting expedition to the North Pole on June 5."

His bride, he said, will join him July 12 in New York City.

Venezuela Plans Honor For Polio Vaccine Aide

CINCINNATI (AP) — Dr. Albert B. Sabin of Cincinnati, originator of a live-virus polio vaccine, leaves New York Sunday for Venezuela where he will be a guest of the government during a nationwide vaccination program against poliomyelitis.

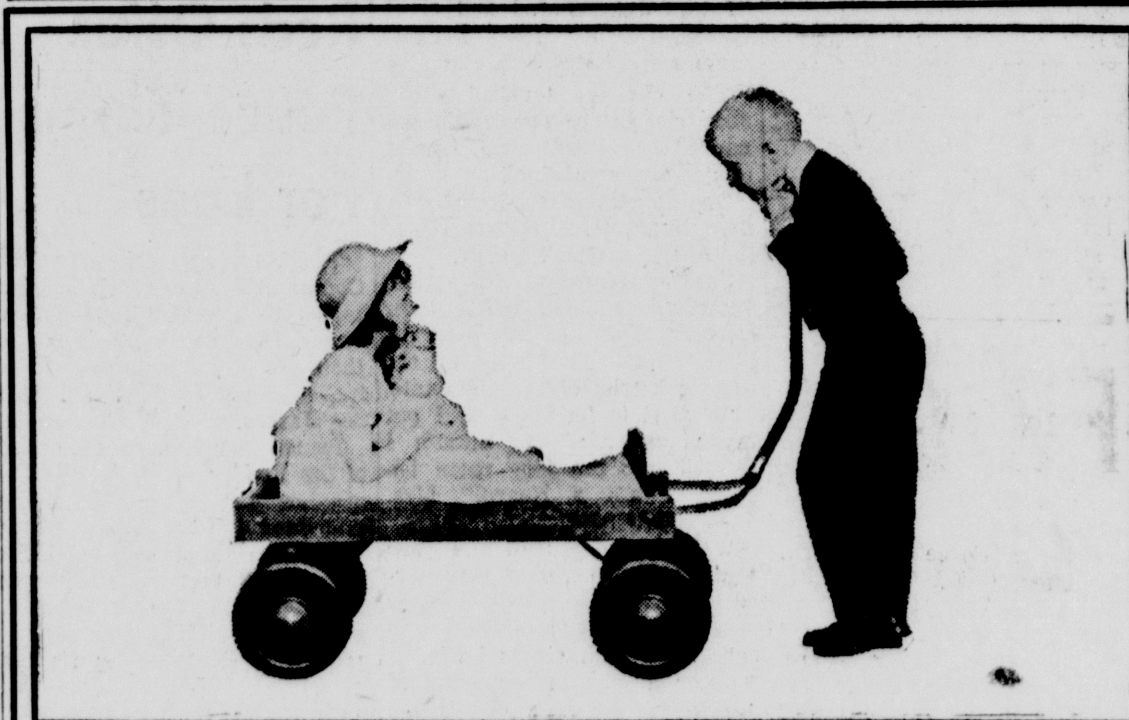

Dr. Sabin's invitation came from Dr. Alfredo Arreaza Gussman, minister of health, who is in charge of the program. The Cincinnati scientist recently has turned his attention from polio to research on the relationship of virus to cancer.

Selective Service Office Days Listed

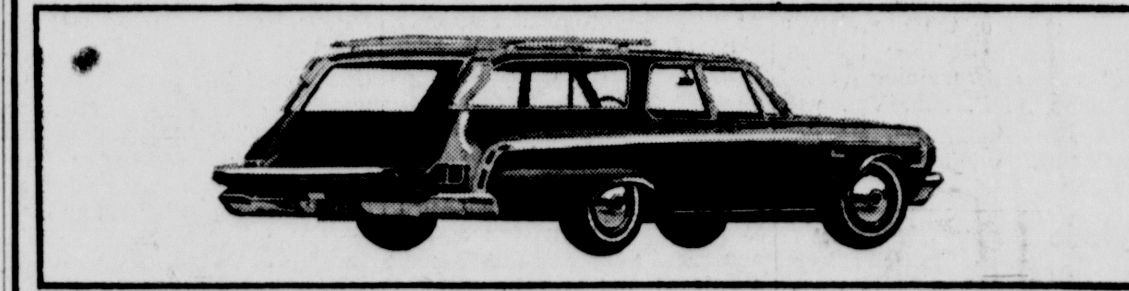

The Pickaway County Selective Service office will be open tomorrow and Monday through Thursday of next week. Daily office hours are 8 a. m. to 4:30 p. m.

ATHLETE'S FOOT GERM

HOW TO KILL IT.
IN 3 DAYS if not pleased with strong T-4-L liquid, your 48c back at any drug store. Watch infected skin slough off. Watch healthy skin replace it. No more itch and burning! Use antiseptic, soothing T-4-L FOOT POWDER too—fine for sweaty feet, foot odor; stays active in the skin for hours. Now at Rexall Drugs.

A MAN NEVER OUTGROWS HIS NEED FOR A WAGON

OR A GOOD DEAL! When a wagon's a Dodge wagon who can resist? Especially when you're talkin' our deal. As a matter of fact, you can be sportin' one of these big roomy land crafts for little more than the cost of many sedan or hardtop models. Come in and we'll put all our talk down, in writing. Tonight? Fine!

Stop in and drive a full size 440 Custom, 6 passenger wagon with the ease of 3 speed torqueflite, power steering. Loaded with many desired factory accessories.

Equal Employment Right Brings Heated Debate

EDITOR'S NOTE—In the 11 weeks of the Senate civil rights debate, scores of amendments have been proposed to clarify, strengthen or weaken various parts of the bill. One provision attracting a major share of the suggested changes is the equal opportunity provision. The following article, the second of a three-part series on the bill's provisions, explains the equal opportunity title and the voter rights provision as they stand now and some of the proposals for changing them.

By JOE HALL
WASHINGTON (AP)—In the 11 weeks of Senate debate and cloakroom bargaining on the civil rights bill, much of the attention has focused on the equal employment section.

It has attracted a large share of the scores of amendments proposed to change the bill. The equal opportunity section, known as Title Seven, is one of two provisions which break ground for federal law. The other is the public accommodations provision aimed at discrimination in hotels and motels, restaurants and amusement places.

Republican and Democratic Senate leaders and administration officials have accepted a number of amendments to the job title as part of a whole package of changes. They hope the proposed changes will win the bill the two-thirds majority needed to break the Southern filibuster.

Senate Republican Leader Everett M. Dirksen, chief author of the compromise package of amendments, is fond of pointing out there was no equal employment provision in the original civil rights bill submitted to Congress last year by the late President John F. Kennedy.

But Dirksen has said he can support its retention if his suggestions for changing it are accepted.

As the bill cleared the House, it would ban discrimination in any phase of employment or membership on the part of employers, unions or employment agencies on grounds of race, color, religion, national origin or sex.

It would apply to companies and unions with 100 or more employees or members in the first

year, 75 or more in the second, 50 or more in the third, and 25 thereafter.

A five-member Equal Employment Opportunity Commission would be created to receive complaints.

The commission is directed to try to settle any complaint by conciliation and persuasion. But if those methods fail, it may bring an injunction suit to end the discrimination.

Dirksen's agreed-upon package of amendments would modify this so that the commission could call on the attorney general to bring a suit only if a pattern of discrimination existed.

In individual cases, the aggrieved person would have to file suit, although the attorney general would be allowed to intervene.

Under the House bill, the federal commission could allow a state or local agency to handle a complaint if it found that the agency was functioning effectively.

Dirksen's amendments would strengthen power of the states by giving them exclusive jurisdiction of any case for a specific period. Thirty-one states now have fair employment practices laws of some type.

Southern senators simply want

Title Seven eliminated.

They argue that it would give the federal government far too much power to interfere in hiring, firing and promotions.

The voting rights section of the House bill, Title One, would extend the federal powers in this field contained in the 1957 Civil Rights Act.

It would require that identical standards be applied to all voters in elections for federal officials, provide that immaterial errors on registration forms must be disregarded, and require that literacy tests must be in writing unless the individual agrees to an oral test.

In voter discrimination suits brought by the attorney general under the 1957 law, the presumption is created by the 1964 bill that a sixth-grade education is sufficient to meet the literacy tests.

The attorney general is allowed to request that a three-judge court be set up to hear such suits.

Southern senators bitterly attack the latter provision, contending it would allow the attorney general to shop around for a favorable court.

They also insist that the title constitutes an additional interference with the right of states to control their own elections.

WHISKY IN THIS GRAVE?—Mrs. Laura Halsey, 96, and (right) Mrs. May McHarg, 88, look at grave of Alexander Hicklin in Colorado City, Colo., wondering if a cache of whisky will be unearthed when the remains are exhumed May 26 for removal to a new cemetery. Mrs. Halsey attended Hicklin's funeral 90 years ago, and it is reported that Hicklin asked his wife to put a bottle of whisky in each of his pockets so he could be hospitable to friends in the Great Beyond. Mrs. Halsey says she was too young to notice such a thing.

Views on Television—Radio

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—CBS recently broke into a Beate-ish rock and roll act on the Red Skelton Show with a news report on the Indiana primary vote. It's reward was a spate of furious mail from teen-agers.

A carefully balanced report on the cigarette controversy brought forth accusing mail—about evenly divided between letters accusing the same program of being weighted on the

anticigarette side and strongly favoring the tobacco interests.

Walter Cronkite appeared on Wednesday night's program to report ruefully that he had been accused of revealing Communist and fascist bias in letters from viewers of a single show. Harry Reasoner read a letter from an irritated viewer complaining about his pronunciation of several words, including "water."

It was all part of an experimental network program called "Dear CBS" consisting of a sampling of its viewer mail—pleased, angry, critical and crank, and done in a good-humored fashion.

The program obviously is an effort to establish something in television comparable to the "letters to the editors" department of newspapers and magazines. Certainly it was interesting enough and revealing enough to be repeated from time to time.

Although television programmers seem to have lost interest in this season's output in the concentration on next season's shows, it is still possible to find a few programs of special interest among the welter of returns.

Tonight, there is ABC's short special, "Big Brother Is Listening" (10:30-11 Eastern Daylight Time) which takes up the subject of invasion of privacy in this country—investigations without the knowledge of the investigated, electronic eavesdropping and mandatory lie detector tests.

CBS plans to present a half-hour documentary series on World War I, called "The Great War," on Tuesday nights next fall. It will use film shot during the 1918 period—silent, of course—supplemented by new material shot to amplify and explain events and reactions.

Highway Bond Issue Cost To Be Lower

COLUMBUS, Ohio (AP)—State Treasurer John D. Herbert completed a schedule today showing that the \$500-million highway bond issue voted May 5 will cost \$30 million less in interest than a similar issue in 1953.

Herbert said the smaller interest charges will be due to a combination of notes and bonds to be issued. The schedule calls for a total interest charge of \$78,321,875 as compared with interest of \$108,472,876 on the issue voted in 1953.

Proponents of the new issue have pointed out that it actually will save \$15 and \$25 million, respectively, in construction and right-of-way costs in the next five years as well as save Ohioans many millions by pushing the state's major expressway system ahead two to three years.

The schedule worked out by Herbert calls for a first issue of 2 percent notes for \$100 million early next year. These notes will be retired with bonds at about 3 1/4 percent, the following year, he said. The remainder of the \$500 million will be issued in notes and then bonds at the rate of \$100 million in each subsequent year.

All of these bonds, the treasurer estimated would be paid off in the first half of 1976, possibly in 1975 to further reduce interest charges.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Here is the official U.S. Weather Bureau summary of Ohio's weather:

Unseasonably cold Canadian air settled over Ohio Wednesday night dropping temperatures into the 30s in northern counties.

Teleco reported 34 degrees, while Youngstown had 37. Temperatures were in the 40s in the southern and central counties.

Fair weather was to continue through Friday but with some moderation by this afternoon, when temperatures in the 70s were predicted. A warm front was to bring a sharp rise in temperatures Friday and afternoon readings were to reach the 80s accompanied by higher humidity.

The Business World

By Sam Dawson

NEW YORK (AP)—That foam on streams and lakes, the suds that sometimes rise in the lower floors of apartment houses, the froth on the glass of tap water in some crowded suburbs—all may be on the way out.

At least that's what the detergent industry is promising—and putting up \$100 million to back its words.

New plants to produce a different detergent base, one that won't retain its foam after it's gone down the drain, are rising across the country.

The industry promises that most detergent makers will have the new substance available early next year, and all by the end of 1965.

Wisconsin and some local communities have passed laws saying that the froth-retaining type can't be sold there any more.

'It's Very Lonely To Be an American'

LONDON (AP)—Quote of the day: The Rev. Max Warren, canon of Westminster Abbey and one of England's leading Anglican clergymen, assailed his countrymen for ill-tempered criticisms of Americans, and said: "It is a very lonely thing to be an American today. They are among the most misunderstood people in the world. They are busy learning the hard way that gratitude is not a political virtue."

The new substance is LAS, meaning linear alkylate sulfonate. The one now used is ABS standing for alkyl benzen sulfonate. The difference is that the ABS you're used to doesn't break down readily in sewage treatment plants, or in streams, or in private septic tanks. Hence the objectionable suds where none is wanted.

LAS has a simpler molecular structure, say the experts, that biological action can break down more easily, and thus get rid of that foam which many people rank high on their list of obnoxious water pollutants.

Charles G. Bueltman, technical director of the Soap and Detergent Association, said in an interview that all of the industry's raw material suppliers, and some newcomers to the field, have announced plans to build new plants or extensively modify existing ones for production of the LAS type.

The association promises that the housewife will get equally good cleaning performance at no extra cost.

Father-in-Low Handed Sentence for Slaying

BROOKVILLE, Ind. (AP)—A 74-year-old retired farmer, convicted of assault four years ago in the slaying of his daughter's first husband in Hamilton, Ohio, has pleaded guilty in the shotgun slaying of the daughter's second husband.

The defendant, William Collins of Peppertown, received a 2-to-21 year sentence in the state prison for the fatal shooting of Harold Reams, 26, following a breakfast argument last December.

The Jordan River begins in a sacred grove high on the 9,232-foot Mount Herman on the Syrian - Lebanese border, runs down to Israel's Lake Huleh and on to the Sea of Galilee.

Income Tax Liens Filed against Woman

NEWPORT, Ky. (AP)—Federal income tax liens seeking recovery of \$63,443 were on file today against Mrs. Helen Enzweiler, sister of Newport Mayor John Peluso and operator of the Newport Yacht Club.

Identical liens, for payment of money allegedly due from 1953 through 1959, were filed in the offices of Gilbert J. Shaver, Hamilton County (Ohio) recorder at Cincinnati and Ed Sheehan, Campbell County clerk, here. Mrs. Enzweiler was convicted by a U.S. district court jury Dec. 10, 1962, on charges of evading income taxes claimed due for 1957 and 1958, and was sentenced to a fine of \$500 and two months in jail.

FRIGIDAIRE WEEK SPECIAL! Lowest-priced FRIGIDAIRE Frost-Proof Refrigerator!

- No frost, no defrosting ever, in freezer or refrigerator compartment. Packages never stick together.

Mustang leads the stampede the big Ford started. This has been the hottest sales year in Ford Division history. We have a winner in the Super Torque Ford, a car so well built, so predictably tough, that competition-modified Fords took eleven of the last twelve NASCAR 500-mile races. Ford sales are up 17% this year. We have a luxury car that's taken off like a skyrocket: Thunderbird, with sales up 68%. Falcon is selling almost as many cars as Valiant and Chevy II combined. Fairlane continues to be a favorite in its own field. Now comes Mustang... turning the trend to Ford into a downright stampede. Mustang, by any measure of sales or excitement, is the most successful new car ever introduced in America—ever. When you see a stampede, it makes sense to find out what started it. That's something only your Ford Dealer can tell you about.

'Customer's Choice'

By John Chamberlain

When the longshoremen refused to load wheat for Soviet Russia, they were reprimanded by State Department spokesmen in Washington for trying to "make foreign policy" for the United States. Yet when Secretary of State Dean Rusk, nettled by British trade with Castro's Cuba, suggested to London that he might not be able to stop private U. S. citizens from boycotting British goods, he tacitly admitted that any American has a right to "make" his own foreign policy provided he stays within the law. A refusal to load grain is protected by the Thirteenth Amendment, which prohibits involuntary servitude; a boycott is "customer's choice," a thing to be trusted in a free society.

Somebody has to make sense in foreign policy, after all, and if citizens want a hand in the process, who in the State Department can say them nay? Certainly nobody in Washington is saving nay to George Meany, president of the AFL-CIO, who is currently on the warpath against Senator Fulbright—though some powerful forces in the country seem bent upon denying publicity to Mr. Meany's signed editorial in the May issue of the AFL-CIO Free Trade Union News, which got virtually no attention anywhere outside of labor circles.

Mr. Meany's thrusts at Senator Fulbright's attack on supposed "myths" about Communism are the most pointed that

this columnist has seen. The "myth" that Khrushchev is about to subsidize in his efforts to provoke revolutions in the African and Latin American worlds is dealt with by Mr. Meany by quotations from Pravda, the Kremlin's mouthpiece, which reiterates that "The Communist Party and the Soviet people consider it their international duty to give all-around political and economic support, and if necessary, the help of arms, too, to the national liberation struggles of the people." Mr. Meany observes that Khrushchev reserves the right to decide all on his own what is a "national liberation struggle" and that he insists on unilateral definition of what constitutes a "people's democracy." But when the U. S. reserves a comparable right to keep watch over the disposition of missiles in Cuba, which may or may not be "defensive," Khrushchev's boy Castro wants to refer the matter to the UN.

As a free enterprise supporter, this columnist has not been exactly friendly to such institutions of organized labor as industry-wide collective bargaining, or feather-bedding on Diesel trains. But I must admit the labor, through such spokesmen as George Meany, has been far ahead of most businessmen in assessing the continuing danger of appeasing the international Communist movement.

The willingness of the U. S. Chamber of Commerce to make

a buck out of East-West trade is not to be decider in itself. But I don't notice any particular businessmen's concern for the people in the captive nations of eastern Europe when it comes to welcoming trade deals with Moscow. Where is the business organization that insists on a political quid pro quo that will gain new liberties for Poles, Czechs, Hungarians, and Bulgars in return for shipments of grain? Let's hear some business group speak up.

To counter Senator Fulbright's statement that "in a perverse way we have grown rather attached to the Cold War," Mr. Meany calls attention to the presence on Hungarian soil of 40,000 Soviet troops. He mentions the recent suppression in Poland of the intellectuals' demand for more freedom of expression. There may not be "monolithic unity in the Communist world," but when a nation seeking its right to "diversity" has to experiment under the eyes of 40,000 alien soldiers, Senator Fulbright's idea that worries about the Cold War are "perverse" seems a trifle perverse in itself.

The home, truths which George Meany persists in sticking to should be echoed in other quarters. Things have come to a pretty pass when the free enterprise world lags behind labor in fighting a movement that is the enemy of enterprise all over the globe.

The Circleville Herald, Thur. May 21, 1964

LAFF-A-DAY

"I just hope this can be hushed up."

Try and Stop Me

By BENNETT CERF

A FISHERMAN on Cape Cod was not the one to belittle his accomplishments. One day he had caught a really whopping big fish, and never ceased bragging about it. A patient listener finally asked, "George, why does the size of that fish vary so every time you tell the story? I never knew a fish to stretch and shrink so much." George explained cheerfully, "Well, when I tell a fish story, I never tell a man more than I think he can swallow."

E. Donald Asselin tells about a venerable New Englander who owned a kitchen clock that hadn't kept proper time for years. One night he and his wife were reading when the clock struck twenty-five times. He took off his shoes, folded his paper and said to his wife, "We'd better get ter bed, Maryet. I've never known it ter be so late!"

The business of finding appropriately named gentlemen of the press continues apace. Recent nominations: Noyes of the Eagle; Lowering of the Standard; Plato of the Republic; Cutt of the Blade; Alice of the Mirror; Tied of the Post.

Jumping to Some Conclusions

By Hal Boyle

NEW YORK (AP)—Jumping at conclusions: Dogs eat better and live longer than they did a generation ago, but they have less fun out of life—just like many people. They have the same problem, too—boredom.

The quickest way to cure a human being of boredom is to give him an ailment of some kind, even if it is only a stomach ache. The quickest way to cure a dog of boredom is to put a single flea on him. It may

keep him busy for days. In literature, the businessman is often portrayed as a cliché-ridden near illiterate. In actual fact the average successful industrial executive can use language more effectively than the average college professor.

The real reason a wife likes to send her husband's clothes to the cleaner isn't to make him look neater. It's because this gives her a good excuse to go through his pockets.

One of the reasons we look forward to going to heaven is that no one has to ride on subways there.

Most pickpockets are skinny. Confidence men, on the other hand, often tend to be overweight—perhaps because most people unconsciously tend to trust fat men.

When a warden picks a convict to work around his home, he usually chooses one under sentence for murder. Why? Murderers are usually more trustworthy. They rarely steal. It's the lady with the biggest diamond on her finger who often puts the smallest coin in the church collection basket.

The bigger the attaché case a man carries, the smaller is his office authority.

If everybody carried out his laydreams for a single day, everybody in America would be in jail by nightfall.

Fame and fortune wait today on the genius who can figure out some economic use for old hula hoops. Isn't there some way we can fit them into our foreign aid program?

The worst braggart to put up with is the guy who not only kicked the cigarette habit—but boasts he did it without putting on a single pound.

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

It is estimated that almost two million children in the United States between the ages of five and 16 have some kind of speech defect. These may range from a mild lisp to stammering or stuttering and even to the unintelligible patterns of communication.

"Baby talk" in a growing child often seems to parents too charming or too unimportant to warrant correction. Yet as these children mature and come into intimate contact with other children at school, baby talk becomes a source of embarrassment and is often so stigmatizing as to leave indelible emotional scars.

Many children have paid a special penalty on their social, intellectual and emotional growth because their speech defects have remained uncorrected. Emotional disturbances such as aggression and hostility have been associated with difficulties in speech communication. Unfair accusations of "retardation" have been leveled at these speech-defective children. The same accusations are unfortunately directed at children whose unrecognized hearing impairment resulted in severe speech disturbances.

There are many instances where speech defects, depending on their cause, can be easily corrected. Tongue-ties, poor articulation of the teeth, wide interspaces between the teeth, large adenoids, cleft palates and severe nasal allergies are some of the controllable cause of poor speech.

The surgical removal of adenoids and the control of underlying allergies almost always remove the distressing nasality of speech caused by these conditions. Surgery of the cleft palate can now be performed safely and with an amazing degree of success, even in children below the age of one year.

Just as it is important to correct physical speech defects so it is important for parents to understand that baby talk in very young children is quite normal; it is only when this speech continues into the early school years that attention should be given it.

Stuttering, too, is not uncommon in 2- and 3-year-olds. Almost all children outgrow this "speech defect" within a short time. It is a good idea to be as relaxed as possible with these children and to remove any

known sources of tension.

There are, indeed, many speech difficulties that are caused and sustained by emotional problems rather than physical ones. When there is any question about this, parents should consult not only a physician, but a child psychologist.

The attitude of "This too shall pass" must never deny growing children, or even adults, the opportunity to find greater happiness by the correction of their speech defects.

Remarkable strides have been made by highly trained and skilled speech therapists in the total rehabilitation of the speech handicapped child. These experts have become vital adjuncts to the health team whose aim is total physical and emotional security.

Ernest Truex, Now 70, Shuns 'Patriarch' Title

HOLLYWOOD (AP) — "With actors like Charles Coburn and Edmund Gwenn gone now, people look to me as a patriarch," said Ernest Truex. "But I don't feel like a patriarch."

For proof, he patted his flat stomach and flexed the muscles of his calf. "Exercise is what does it," he said. "I'm a nut about golf, I love to fish, and I work among my avocado trees. I'm good for a few more years."

So impressed was Universal that the studio wanted Truex to mark his 70 years as an actor by riding a lion. Truex is ap-

pearing in "Fluffy," with Tony Randall, Shirley Jones and an overgrown tabby named Tamba. The script called for Truex to demonstrate the lion's gentleness by riding it down a trailer ramp.

"You'll have to get yourselves another boy," said Truex. A stunt man was ordered, and his leg was scraped badly on the door of the trailer.

Truex is known to movie audiences as the fussy, often henpecked character of dozens of film comedies. The typing is unfair and unfortunate, since he is one of the theater's most versatile actors.

He relishes telling the story of how his career started. How his doctor-father treated a ham actor stranded in Kansas City. How the ham paid his fee by teaching young Ernest soliloquies from "Hamlet."

"I made my debut in 1894 at the age of 5—the youngest Hamlet in the American theater," he said.

His movie career started 50 years ago. He had been playing on Broadway in "Good Little Devil" with a girl named Mary Pickford. They were offered a chance to make it as a film for Adolf Zukor's new company.

Unusual Labor Pact Written

Negotiations Flop Could Be Costly

BERNE, Ind. (AP)—An agreement that could cost union members up to six weeks' pay and management a comparable amount if they let future negotiations collapse was ready today for final signatures.

The contract, called the first of its kind in the history of collective talks, is to be OK'd by Harold D. Sprunger, president of the Dunbar Furniture Corp. of Berne, and Sal B. Hoffman, president of the Upholsterers' International Union.

Local union and management officials signed the agreement in Berne Tuesday. Present wage scales were not disclosed.

Dunbar employs about 300 workers, 70 per cent of them union members. The only strike at the plant, in 1959, was settled 1 day short of six weeks.

This is the way the contract works:

For a period up to 12 weeks beginning with the start of negotiations, 50 per cent of employees' wages and a matching amount from company funds will be paid to the First Bank of Berne, which will donate its services.

If agreement is reached within six weeks, all the money held by the bank is returned. If a settlement is arrived at within nine weeks the payoff is 75 per cent. Up to 11 weeks it drops to 50 per cent, the 12th week to 25 per cent.

If the 12-week period expires without an agreement all the money goes to a community or charitable project, with the Berne Ministerial Association to determine the recipient if union and management cannot agree.

After 12 weeks the union may strike or the company may impose a lockout, but only after giving advance notice. Otherwise the previous agreement is renewed automatically for one year.

Ft. Amanda Historical Rites Slated

WAPAKONETA, Ohio (AP)—A historical marker for the military cemetery at Fort Amanda State Memorial, nine miles northwest of here on Ohio 198 in Auglaize County, will be dedicated in public ceremonies to be held at 2 p.m. Memorial Day, May 30.

The National Society United States Daughters of 1812 is supplying the marker. The society is co-sponsoring the event with the Ohio Historical Society and the Allen County Historical Society as a commemorative observance of the sesqui-centennial of the War of 1812.

J. A. Meckstroth of Columbus, a trustee of the Ohio Historical Society, and Daniel R. Porter, assistant director of the society, will be the speakers.

Fort Amanda was built during the fall, winter and spring of 1812-13 at the order of William Henry Harrison, as one of a system of fortified supply points in the campaign to recapture Detroit.

Western Trade with Reds on Increase

PARIS (AP)—Western trade with Communist nations is slowly and steadily rising, but the Western embargo on exports of strategic items is holding firm,

according to the international watchdog group which keeps a close eye on the exchanges.

Exports to the Soviet bloc and China made up 4.2 per cent of the West's total exports in 1961, the last full year for which figures are available.

Imports from the Soviet bloc and China made up 3.9 per cent of the Western world's total in 1961. Both these figures are almost double the comparative 1952 figure.

Sources close to the 15-nation Coordinating Committee for East-West trade — COCOM — say that the controls over exports to the Communist nations are not intended to dampen international commerce.

"We are not waging economic warfare. The principal objective is to prevent the flow of strategic materials which could add to the ability of the Com-

munist powers to wage war," one informant said.

The hitch comes in the definition of strategic materials. For some items there is immediate unanimous agreement. For others, long and heated technical arguments consume days every year before a compromise is reached.

"If you wanted to carry it to the extreme, you could say that buttons are a strategic item," explained one man who follows the work of the yearly review of the embargo lists.

"If the Russians didn't have

any buttons, the soldiers might not be able to keep their pants up. But we aren't trying to prevent the export of buttons. We're aiming principally at slowing down the development of industries with a war potential."

The United States has been ranked by the sale of British to Cuba.

But Cuba is not on the list of Communist nations — Russia, China and the Eastern European satellites—covered by the COCOM export lists.

Nevertheless, the COCOM

Treaty Organization members except Iceland but plus Japan—have agreed not to ship arms or implements of war to Cuba.

Most of them have also taken measures to prevent transshipment of American goods to Cuba. But there has been little inclination to go any further in clamping down on Cuba trade.

**Brown Is Endorsed
To Keep National Post**
WASHINGTON (AP) — Rep. Clarence J. Brown, R-Ohio, has received the endorsement of Ohio's 17 other Republican congressmen for re-election as GOP national committeeman for the state. All of the state's 58 delegates to the party's national convention at San Francisco in July will be notified of the endorsement.

Information Of Interest To Veterans

(Veterans and their dependents who may have any questions concerning any benefits from the Veterans Administration should bring their questions to James P. Shea, Pickaway County Veterans Service Officer. His office is located in the basement of the County Court House.)

James P. Shea, Pickaway County Veterans Service Officer, states that the one question most often asked him, especially by World War I veterans has to do with the requirements for a pension.

The following requirements are necessary to be eligible for a pension, She said, and all of them must be met:

- 1) The veteran must have had at least 90 days service; 2) The veteran must have been discharged under other than dishonorable conditions; 3) The veteran must have permanent total disability, not traceable to his service; 4) The veteran must be within certain income limitations depending on his dependents.

No veteran, Shea said, is eligible for pension, because of his age alone. There is no such thing as an "automatic pension." At any age, the veteran must be permanently and totally disabled. At age 65 he has to have a 10 per cent disability and be unemployed, except for odd jobs requiring less than 3 or 4 hours a day. At ages 55 and 65 he must have a marked disability, which could be rated at least 50 per cent disabling and he must be unable to follow a gainful occupation. At any age under 55, he must be very seriously disabled, shown by medical evidence to be 100 per cent disabled so far as any kind of work is concerned, and permanently disabled, blindness included.

Income is another important factor, Shea continued, to determine eligibility for pension. A veteran, with no dependents, and income under \$600 per year will receive \$85 per month. If his income is over \$600 but under \$1,200 per year, he will receive \$70 per month. Over \$1,200 but under \$1,800, and the pension will amount to \$40 per month. Over \$1,800 per year, and he is not eligible for any pension.

For the veteran with dependents, with an income of under \$1,000 per year and one dependent, the veteran would receive \$90 per month, with two dependents, \$95 per month and with three or more dependents \$100. If his income is over \$1,000 and under \$2,000 per year, with one or more dependents, he would receive \$75 per month. With an income of over \$2,000 and under \$3,000 and one or more dependents, the pension rate is \$45 per month. Over \$3,000 per year, and the veteran, regardless of dependents is not entitled to any pension.

Any veteran, regardless of whether he served in World War I, World War II, or the Korean Conflict, who feels he is entitled to pension, Shea said, should come into his office in the basement of the county courthouse, and discuss his case. At that time, it can be determined, if possible eligibility exists and application can be made.

KILLED PARENTS—Authorities in Waterloo, Wis., say they will seek to try 16-year-old Gerald Krueger, shown after his arrest, as an adult in the killing of his parents, Roland, 47, and Lillian Krueger, 45. In a written statement he said he hated them and killed them "because they treated me like a baby."

23 Dead, 890 Hurt Predicted as Ohio Memorial Day Toll

COLUMBUS, Ohio (AP)—The Ohio Highway Patrol is mobilizing its 5,000 - man auxiliary force for duty on the state's highways Memorial Day.

In addition, Highway Safety Director Warren C. Nelson said all available officers of the patrol will be on duty in an effort to enforce safety regulations during the holiday weekend.

Safety statisticians figure 23 Ohioans will be killed and another 890 injured during the three-day combination holiday weekend.

"During the 78 - hour period from 6 p. m. Thursday May 28 through midnight Sunday, May 31, Ohio's roadways will be the most thoroughly patrolled and policed in the state's history," Nelson said.

New Members Accepted by Women's Club

Mrs. Ronald Seago, Mrs. Walt Franklin and Mrs. David Schneider were accepted into membership when the Circleville Junior Women's Club met in the home of Mrs. Ronald Spence.

Mrs. Robert Wellington and Mrs. Donald Dawson served as co-hostesses.

Mrs. Richard Pettit read a letter from Miss Terry Trone, a previous scholarship winner, concerning the activities preceding her graduation from Riverside Methodist Hospital.

Mrs. Joe Brooks gave a report on the Installation Dinner to be held in June.

A letter was presented to the club from the Chamber of Commerce office regarding the re-opening of the Clifton Theater. Members were asked to support the proposal by selling pledge cards and having them returned to the Chamber of Commerce office by June 1. The club voted to support the issue.

Mrs. Donald Colegrove showed a photograph of the Boy Scout club outfitted last year. Attempts are being made to outfit another scout this year.

Initiation will be held at the June meeting for the following new members: Mrs. David Schneider, Mrs. David La Bounty, Mrs. Wellington, Mrs. Seago, and Mrs. Manuel Sanguly.

A booklet, "The Ohio Heritage" will be presented by the club to Logan Elm, Westfall, Teays Valley and Circleville Schools, and to the Circleville Public Library.

Mrs. Brooks, program chairman, gave a talk on Soil and Water Conservation. Literature was distributed to all members supplied by Donald Archer, Soil Technician with the Pickaway County Soil and Water Conservation District.

At the conclusion of the meeting Mrs. Wayne Smith presented a program on modern art. Following her talk all members did modern water color paintings.

Sunshine Class Members Meet

The Sunshine Class of the Ashville EUB Church met recently in the home of Dorothy Dickinson.

Wylma Wardell, president, conducted the meeting. Scripture was read and The Lord's Prayer was repeated in unison. Business reports were presented.

A thank you card was read from Mrs. Muri Campbell and sympathy cards were signed by all present and sent to various members of their families.

Frances Grant and Frances Smith won prizes for games that were conducted.

Lunch was served to Frances Grant, Gertrude Bevins, Hazel Ward, Donna L. Foreman, Frances Smith, Dorothy Dickinson, Wylma Wardell, Ruth Cline and Ruth Ann Cline.

Gertrude Bevins and Pearl Fortner will be hostesses for the next meeting.

Church Class Holds Dinner

Husbands of members were guests when the Kappa Beta Class of the First EUB Church held a May Dinner Tuesday night at The Lake White Club, Waverly.

Those present were Mr. and Mrs. Tom Weaver, Mr. and Mrs. Bill Goff, Mr. and Mrs. Woodrow Carley, Miss Phyllis Hawkes, Miss Lucille Kirkwood, Mr. and Mrs. Dixie Waters and Mr. and Mrs. Donald Johnson, Lancaster.

Women's News

6 The Circleville Herald, Thur. May 21, 1964
Circleville, Ohio

Dear Abby: By Abigail Van Buren

Don't Be Petty!

DEAR ABBY: Who is supposed to give the corsage on Mother's Day? The husband or the children? I married a widow, and on the first Mother's Day after our marriage I sent her a lovely corsage. Her son sent her one, too. (This happens to be the first thing this son of hers ever gave her besides trouble.) Well, she must have thought more of her son's

corsage than she did of mine because she wore HIS, and left mine home in the ice box. I was very hurt although I didn't say anything, but the next year on Mother's Day I didn't send her a corsage and neither did her son. She was sulking all week. Do you blame me for not sending her a corsage after what happened to mine last year?

HUSBAND

DEAR HUSBAND: Posies on Mother's Day mean less than understanding and love the other 364 days of the year.

DEAR ABBY: I am 26 years old and am in love with a married man who is 33. He married very young and has one child. I have been in love with him for six years and seven months. When I met him he told me that his marriage was all washed up, so I had nothing to do with his miserable situation at home. He says as soon as his little boy is able to take care of himself he will get a divorce and marry me. His son is in the second grade now. I get awfully tired of waiting, Abby, and I'm not sure I could ever love another man. Can you give me some good advice?

MIXED UP

DEAR MIXED: Yes, lose him. The chances you're taking aren't worth the chance you have of marrying this man. And if you CAN love a man other than another woman's husband, you had better find it out—while you're still in the 20's.

DEAR ABBY: Speaking of naming children unusual names: I once heard of a woman who named her three daughters, PEARL, SAPPHIRE and ONYX. The first had a skin as smooth and white as a pearl. The second had eyes that shone like two blue sapphires. And the third was "onyx-pected."

CARL

DEAR CARL: Thank you for your contribution to my collection of unusual names. Where were YOU when vaudeville died?

DEAR ABBY: In November of 1958 I wrote asking your advice about my husband, who cheated on me, beat me up and refused to take the responsibilities of a husband and father. At the time I had only one child. Today I have five and I am kicking myself because I didn't take your advice. You said, "Don't take him back until he has proved that he can stay away from other women, treat you with respect and hold a job." Well, each time I took him back I got pregnant. He continued to cheat on me and slap me around, pregnant or not. He also lost one job after another. How I wished I had listened to you. Print my letter to let other women know what can happen when they take a man back before he improves.

KICKING MYSELF

Korea Topic Of Program For Guild 12

Mr. and Mrs. Phillip Judy and Mrs. Dudley Consolover were guests when members of Berger Hospital Guild 12 met Monday evening in the home of Mrs. Sterling Poling, Route 4.

Mrs. Poling presided for the business session during which future projects were discussed.

For the program Mr. Judy showed slides and discussed his tour of duty in Korea with the armed forces. He explained that the climate in the area where he was stationed is similar to central Ohio and showed pictures of the primitive homes which are roofed with rice straw. He said that electricity where it exists in the towns is shut off at 11 p. m. Some of his pictures showed the village "laundramats" which were any convenient stream or ditch, used not only for washing clothing but vegetables and dishes as well. The speaker said that rice is the principle farm crop and that it is planted and harvested almost entirely by human labor. He said that most farm families own a team of oxen which are used for heavier work.

Refreshments were served at the close of the meeting.

The June meeting will be held in the home of Mrs. William Deffenbaugh.

TODAY In History

By THE ASSOCIATED PRESS

Today is Thursday, May 21, the 142nd day of 1964. There are 224 days left in the year.

Today's highlight in history: On this date in 1881, Clara Barton founded the American Association of the Red Cross, the forerunner of the organization we have today.

On this date
In 1856, Lawrence, Kan., was raided by a pro-slavery force of armed men, leading to a retaliatory raid by John Brown at Dutch Henry's Crossing.

In 1927, Charles A. Lindbergh reached Paris after the first solo flight across the Atlantic.

In 1937, a Soviet plane landed at the North Pole, the first step for regular air communication between Russia and America over the polar region.

In 1943, the Tokyo radio admitted that Japanese Admiral Isoroku Yamamoto, who directed the Pearl Harbor attack, had been lost on a plane shot down by an Army Air Force pilot, Lt. Col. Thomas Lanphier, over the Pacific.

In 1948, President Harry S. Truman urged Congress to admit Alaska to statehood.

Ten years ago — The Senate rejected a proposal by President Dwight D. Eisenhower to lower the voting age from 21 to 18 years.

Five years ago — The United Arab Republic seized a Danish freighter as it started to enter the Suez Canal with an Israeli cargo.

One year ago — American wheat farmers dealt the Kennedy administration a severe blow by overwhelmingly rejecting its wheat control program.

Berger Guild 31 To Meet Wednesday

Berger Hospital Guild No. 31 will meet 8 p. m. Wednesday in the guild room at the hospital.

Members are reminded to bring items they are making.

Tuesday Meet Slated

Circleville Chapter No. 90, OES, will meet 8 p. m. Tuesday in the Masonic Temple.

If you want to remove the lacquer from a piece of brass, apply lacquer thinner on a coarse cloth.

When you are using sour cream in a gravy for meat, don't overheat or the cream may curdle.

Judy Garland Hooted by Australians

MELBOURNE, Australia (AP)

—By the time the orchestra played "Over The Rainbow," the audience was hooting and Judy Garland had stalked off stage.

The sour notes didn't end with Miss Garland's concert Wednesday night.

The boxoffice was besieged for refunds today and the head of the Musicians' Union said the Australian orchestra that accompanied the singer had never been so humiliated.

Miss Garland herself commented, "I didn't like it, did you?"

The American singer's travail began when she arrived an hour late. Her manager blamed it on a sore throat. "You're late" and "Have another brandy," hecklers shouted.

Despite some fluffed notes, most of the crowd of 7,000 was with her during the first half of the concert, her only performance in Melbourne. But some didn't appreciate her fidgeting with the microphone cable or her side banter.

"Sing, sing!" and "Get on with it!" a few shouted, and soon the auditorium resounded with slow, prodding clapping.

The audience's mood wasn't improved when Miss Garland took a half-hour intermission. She sang three more songs on her return, but the lyrics were fragmentary and the customers began drifting to the doors.

Wife Preservers

How to do it: To remove the casing from a two-to six-pound piece of Canadian style bacon that is to be oven-cooked before slicing, hold the bacon under cold running water, then slip off the casing. Bake in a slow (325 degrees) oven to an internal temperature of 170 degrees.

If a sour cream sauce for meat or poultry is too pale, remember you can always add a few drops of brown gravy seasoning.

RED SALES IN THE SUNSET?—Undersecretary of State W. Averell Harriman (left) gets together with Red Romania's Vice Premier George Gaston-Marlin, head of a delegation in Washington to talk about trade and political relations.

Garden Gossip

Without doubt the most outstanding tree in Circleville last week was the pink buckeye tree at Kearn's Nursing Home, 461 N. Court St. The blossoms were indeed a pale pink. The tree is a large one and heavy with bloom.

Mrs. Eugene Hanson spotted the tree, but she could not recall where she had seen it. So we drove up and down Circleville streets to find it.

And there it was just as Pauline Hanson had described it. It is a big tree with considerable age. Why and how I have never seen it before is a mystery!

We have a red buckeye tree in our woods. It is a seedling and each year I look for it. The blossoms have red stems and the florets are red, too.

At the Judges Council meeting recently, Mrs. James Jackson brought some buckeye blossoms. Nobody recognized them as such. This was a musing since the judges are extremely well versed on horticulture.

Mrs. James Strong of Dayton has seen some interesting changes in tulips in a planting near her apartment. The second year in a bed of all red ones there are many new colors. Together we figured that since tulip bulbs are annual it would indeed be possible for the second year bulb to be a different color.

I noticed the same thing in my garden. Both yellow and pink tulips came up in my purple garden this year.

One of the nicest surprises I have had for many a day was to discover two full grown pink dogwood trees in an out-planting of tulip poplars. They were 15 feet high and in full bloom.

There is something a little wistful about favorite flowers. We watched Mrs. Lawrence Johnson eyeing a flat of pansies at the supermarket a week ago last Saturday. She smiled and told us that pansies had been Carol Ann's favorite flower since she was a little girl. Carol Ann, of course, is quite grown up now and married to young George Bowling.

And with just the same smile Mrs. Charles Boggs told us that lilacs were Dottie's favorite flower. Dottie and Jim Carpenter were married this spring and Dottie has gone clear to Lancaster to live.

Mrs. Nellie Freese, E. Franklin Street, is an 86-year-old gardener. Now I think she said she was 86. Anyway she is justly proud of her spirea this spring. It's the double type and ever so full of flowers. If I know my spirea hers is the old fashioned bridal wreath.

The shrubs have been nothing short of glorious this spring, extraordinarily full of bloom and color.

The Bill Goodchilds, 616 Beverly Road, have giant beauty bushes flanking their home. I am sure these beauty bushes are the largest in the area. I chanced to pass the Goodchilds when the bushes were in full bloom. At the same time the spirea hedge, white with arching stems of white blossoms, and a newly leafed weeping willow with its drooping branches were keeping company in the Goodchild yard.

Even if it is just for a few days, we think it is wonderful to have shrubs that bloom all at the same time. It's burning the candle at both ends, so to speak. But I prefer it to a drip-drop of bloom all through the seasons.

Spirea Vanhouetti was a newly introduced shrub in the middle west when I was a kid. It became very popular. It proved too easy to propagate and was used everywhere, even as a clipped hedge and universally for foundation planting.

Eventually spirea Vanhouetti lost its popularity. It does have aphids along in the summer. Yet it does not deserve the scorn that nurserymen shower on it.

The Whisler Presbyterian Church has a planting of spirea Vanhouetti in front. It looked very quaint at blossoming time in front of the little white country church.

Old fashioned Japanese snowball bush is doing itself proud this season. It, too, has lost favor with the landscape men. But this year nobody can carry a prejudice so far as to say it is not beautiful.

The Paul Bowers' at Thatcher have a fine specimen of snowball. Right across the road at Dr. Joe Goeller's is another fine bush.

But Miss Hazel Marie Williams of Whisler has surely what is the oldest and most beautiful of all snow bushes in the area.

We moved our own snowball when neighbors told us it was well over 100 years old. It was transplanted with great success. It has nice fall coloring, too.

The Charles Bracketts at 609 Garden Parkway have a border of luscious pinks across the front of their home. Prettiest thing we ever saw! There is nothing so effective as having a border of just one plant.

Mrs. Richard Lee, 414 N. Pickaway Street, has yews interplanted with scarlet azaleas. These azaleas have wintered several seasons.

At the moment the tulip tree in the Lee yard is blooming. The blossoms are like little green tulips with markings of apricot. Mable Lee says the bumble bees delight in them. She says they prune themselves. When twigs or branches die, they just fall off.

Floyd Bartley's wild azaleas are at their best this year. His sister, Mrs. Kirby Drake, takes good care of the azaleas and I sometimes think they should be called Mrs. Kirby Drake's azaleas. They are yellow, orange and pink.

It is perfectly fitting that the finest azaleas and rhododendrons in the city perhaps belong to the Robert Coles at 670 Ridgewood Drive. Last Thursday they were in full bloom and their colors magnificent.

The Vernon Saunders at Knollwood Village have the largest azalea that we have seen this year.

We were talking to Mrs. Herb Snyder about Bob Cole's success with azaleas. The Snyders are neighbors. She says that while Bob is proud of his azaleas, he does not at the present time recommend them for Pickaway County gardens.

Mrs. Snyder, 660 Ridgewood Drive, says they lost their 20 azaleas. The Snyder grounds are charming with lots of beautiful lawn and tall trees. She had a wild flower garden that has just finished blooming.

It's a bad year for peonies. This is a tried and true plant that blooms faithfully spring after spring. Several gardeners have told me that they have about one tenth the buds they generally have.

But the peonies planted in a row along the William D. Clifton garage at 620 Ridgewood Drive certainly are blooming with real luxuriance.

The bright orange red poppies are blooming now. What a splash of color they do make. They are blooming in Mayor Ben Gordon's backyard. And they are blooming in the Welsh garden at 552 E. Franklin Street.

The Scotts on Northridge Road have dark red double poppies that are very eye catching.

I drove around Meadow Lane for the first time last week. I was interested to see the hemlock hedge at Dr. Robert McCoy's.

The Alden Brays at 346 Meadow Lane have a flourishing planter. From the car I identified yews interplanted with chrysanthemums. If these were chrysanthemums they were unbelievably thrifty and will make a fine showing when they bloom.

Incidentally, don't be afraid to pinch back chrysanthemums now. And pinch them quite drastically. They will be all the better for it at bloom time.

The Clark Martins at 352 Cedar Heights are going to have a fine strawberry crop or we will miss our guess.

At the Howard Neighborger home in Knollwood Village a handsome yellow iris was blooming in front. Since the house has yellow shutters, the iris was doubly attractive.

Sometimes we wish our garden columns were a daily deal instead of just once a week. By time garden page day rolls around the things we saw are often gone.

Lillian Wagner, Highland Ave., had outstanding tulips we were told. But tulips are almost all faded now.

Mrs. Earl Lutz was wearing a corsage Saturday morning. It was a double hibiscus with one shiny green leaf. We thought for sure it was a "permanent" flower. But the hibiscus had been grown by Mrs. William Caskey of 145 E. High St.

Rose Parks Are Inviting To Tourists

Roses in bloom are well-known for their power to attract attention.

Their colors and sweet fragrances lure many a traveler through a garden gate to a pleasant and relaxing tour of a public rose display. The sights almost always prove to be that unexpected highlight of a trip.

When you take to the road this summer, the wonderful way to enjoy roses along the route is to plan a tour of some of the magnificent professional displays that await you at public parks and gardens. No matter where your travels lead you, there will be a few gardens along the itinerary that are worth a visit.

And if it's the World's Fair you are heading towards, there will be rose gardens en route.

WHILE in New York for the Fair, tourists will want to visit the botanical gardens in the Bronx and Brooklyn where more than 10,000 of some of the best specimens are on view.

At the United Nations, one of the most awe-inspiring landmarks in New York, stands the All-America Rose Garden which was planted to symbolize the aims of the world organization.

A short distance from the city are the famous Sterling Forest Rose Gardens in Tuxedo, Buffalo, Ithaca, Rochester and Syracuse offer visitors dazzling rose displays at their public gardens.

Pennsylvania lays claim to the nation's largest display in Hershey. The Hershey Rose Garden bedazzles the eye with 42,000 rose plants and beautifully maintained gardens.

Other gardens will be found in Philadelphia, Pittsburgh, Reading, Allentown, Lancaster, McKeesport, Kennett Square and Pottstown.

Now Is Time For Gardeners To Hop, Swap

What to do this week? Do everything!

But above all buy your annuals and get them planted now that the danger of frost is over. After Decoration Day your choice will be quite limited.

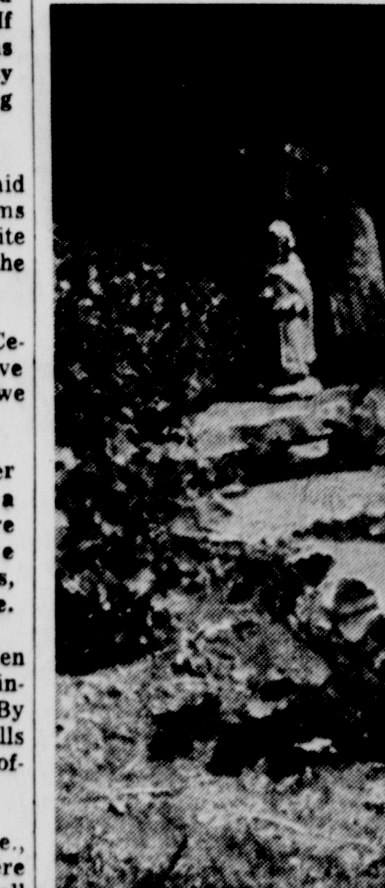

Plant your seeds. It will soon be too late. Swap plants. Get rid of your weeds. Start a compost heap if you do not have one. And then start "garden hopping." This is the time when gardens in general are at their best.

Garden hopping means drop-in visits to friends' gardens. Sometimes this relaxing and pleasurable sport is known as garden visitation.

BUT THE word visitation does have connotations of grandeur. The dictionary says that a visitation is an official visit, as of a bishop to a church or college in his diocese.

So let's call it garden hopping. And if you are a gardener who is behind in your spring work make your visitors welcome.

France's President Charles de Gaulle and the Bishop of Seo de Urgel, Spain, are the personal protectors of Andorra. This tiny republic in the Pyrenees has enjoyed undisturbed sovereignty since 1278.

ST. FIACRE — The Patron Saint of Gardening has a place of honor in the beautiful flower border at Mrs. Donald Watt's home. The interesting monk is always depicted with a spade in hand. Fittingly enough, Mrs. Watt has placed near the little figurine an old-fashioned hand cradle (right) used in the olden days to harvest wheat. This gardener plans to train a vine over the cradle. Mrs. Watt specializes in iris, daylilies and daffodils. She stopped counting varieties when she reached the 200 mark. The Watt garden is a place of real beauty at this time of year.

Circleville, Ohio

TIME OUT FOR THE LAWSONS — Mr. and Mrs. George Lawson called a halt to yard work last Saturday and just admired the iris blooming in the little garden when Mrs. Lawson maintains especially for this flower she loves so much. Mr. Lawson is responsible for the heavy work, like dividing daylilies and iris rhizomes and mowing the lawn. Mrs. Lawson works with the flowers.

Lawsons Find Space for Many Kinds of Plants

If you think your yard is too small for a garden, talk to Mrs. George Lawson, 300 Sunset Drive.

Mrs. Lawson specializes in both iris and daylilies on a not very large corner lot. She has a wild flower garden, too, and many choice shrubs. The lot is 85 by 120 feet.

Currently it is the iris that are stealing the show. Mrs. Lawson has more than 100 varieties tucked away in a triangular garden at the side of the house. The iris which are glorious now (May 15) began blooming about 10 days ago.

Mrs. Lawson has some Siberian iris, a few Dutch and some species iris. But for the most part the garden is planted with the blueblooms of bearded aristocracy.

THIS GARDENER finds it interesting that iris bloom earlier up against the house where they catch the southern sun. The same variety in another location blooms several days later. This prolongs the season of bloom which is alright with Mrs. Lawson.

Other perennials intermingle with the iris. A yellow daylily was blooming. A pink peony was in blossom. There were columbine, lamb's ear and live-forever. But the emphasis is certainly on iris.

The little iris garden is separated from the entrance area by a rustic fence. Intertwined along one end is an eye-catching coral honeysuckle vine. The

entrance area is smooth lawn with a few choice shrubs. A white fringe tree for example was blooming when we visited the garden.

The iris beds are planted around a triangular grass plot. They are thickly planted but are not too crowded. They are all in excellent health. Each individual plant stands out with its own special blooms. All the colors mingle amiably.

Mrs. Lawson says her iris garden is about 7 years old. Different varieties are added from time to time. And when she erected the rustic fence separating the iris garden from the front yard it made space for a whole new iris bed.

Lois Lawson keeps a map of her iris garden so she can tell where the 100 varieties grow.

SHE HAS one seedling of which she is very proud. It is large and opalescent in color. She has had the fun of watching it grow from babyhood.

The iris will finish blooming in another week. In July daylilies will take over. For the most part they are planted in another area.

Considering the extensive variety of plant material at the Lawsons, one might think the lot would be cluttered with flower beds here and there. This is not true. The beds are against the house or the garage. In the case of the big daylily bed it is over to the left of the driveway so that the sweep of lawn is not interrupted.

Yes, indeed, Mrs. Lawson does have some favorite iris (early): Blue Shimmer (white edged with blue); Golden Russet (bronze); The Capicastle (pinkish violet).

In bloom near the garage was a pink flowering locust (Robinia) or as one of her friends calls it "Sweet Pea Shrub." And earlier this year she had what she believed an unusual flowering quince. Its blossoms were red and white striped.

The corner lot is not large, but there's plenty of space for all the things Mrs. Lawson loves.

Lima To Get Cigar Building as Gift

LIMA, Ohio (AP) — Joe M. Schwartz, executive vice president of DWG Cigar Corp., has announced that the firm's old southside Lima plant will be given to the city.

The building valued between \$40,000 and \$45,000 was given, Schwartz said, in appreciation to the city for its help in extending water service to the company's new \$1.3 million plant in Bath Township.

Trees Planted for Comfort As Well as Beauty Aspect

Large trees can shade homes, making them far more comfortable in hot summer weather.

Where there is no shade, or only small trees are planted, electricity costs for air conditioning shoot upward. It is reported to cost around \$60 for electricity to cool an eight-room home in areas of short summers and up to around \$300 or more in warmer areas of the country.

Under these circumstances, a large-growing tree or two can be a fine investment for the average home owner, according to the American Assn. of Nurserymen. In many cases, the trees alone can make homes comfortable.

At the very least, they cut down materially on air conditioning power costs. Summer consumption of electricity normally is lighter than in winter and increased use of electricity, in the summer months in areas where only small trees are planted, principally benefits

utilities by helping to boost power consumption.

ON TREE-SHADED streets, where homes also benefit from the shade, it not only is more comfortable both outdoors and indoors, but it means lower power costs for home owners.

Large trees have many benefits. They control dust. Dust counts at ground level are always less in areas where there are large trees. Trees help to purify the air by absorbing gases and releasing pure oxygen for humans to breathe.

Nurserymen can tell you where to plant large trees on your property, in order to shade your home in the hottest months and obtain the most benefit from them in beauty, as well as monetary savings.

Both large and small trees benefit on home properties, as well as on city streets.

Large trees transfer the areas of heat reflection from ground level to the tree tops, thus assuring cooler and more comfortable air for humans. In the winter, when the full heat of the sun is desirable, trees without leaves let the sun shine through. Nature's large trees are excellent air conditioners because they cool the surrounding yard as well as the house.

Unmanned Moonship Launch Due Tuesday

CAPE KENNEDY, Fla. (AP) — The first attempt to orbit an unmanned model of the Apollo moonship is scheduled next Tuesday.

A Saturn 1 rocket will propel the Apollo model toward an intended orbit ranging from 110 to 140 miles above the earth.

The rocket and spacecraft are forerunners of machinery being developed to launch three-man teams to the moon late in this decade.

Anchorage, the Alaskan city damaged by the recent earthquake, began its existence as a tent town during construction of the Alaska Railroad between Seward and Fairbanks.

Cows were first brought to the United States by Virginia colonists.

"TALKING TYPEWRITER"—Lee Castle, 4, watches and hears the letters and words he types on keyboard of a new learning machine developed at Westinghouse Research Laboratories in Pittsburgh. As he types, the letters and words are spelled correctly and pronounced for him by the "talking typewriter." It is called SLATE, for "Stimulated Learning by Automated Typewriter Environment." It is used at the University of Pittsburgh for remedial reading instruction and research in learning. Experiments show that this kind of environmental study accelerates language learning among preschool children.

Pickaway Grange

YOUTH COUNCIL
Pickaway County Grange Youth Council met recently in the home of Mr. and Mrs. John Dowler.

Harold Furniss, county youth chairman, reported on the Youth-Lecturers' Conference which was held May 2 in Ashland County. The fifth degree will be conferred this fall, it was announced.

The county-wide Grange Picnic will be held July 19 at the Tar Hollow State Park at 1 p.m. At this time the county prince and princess will be chosen. All subordinate grange youths are eligible to take the county quiz. The winners will represent the county at the state convention in Akron his fall.

Youth Council voted to send a youth to Grange Camp on Kelley's Island, Lake Erie.

The youth will serve at the Pomona Grange Card party on June 13.

The next meeting will be held June 8 at Joyce Boldoser's home.

SCIOTO
Scioto Grange No. 2456 met recently.

The charter was draped in memory of Lewis R. Hill. An appeal for aid was answered. First and second degree work is being planned for June 18.

The literary program honored the mothers. Instrumental numbers and poems were presented by Kathy Kessler and Debbie Ramey. Each lady was presented a potted plant.

Winners in the chocolate cupcake contest were first place, Mrs. Kenneth Beach; second place, Mrs. S. E. Beers; and third place, Mrs. Josephine Dountz.

Memorial services will be held at the May 21st meeting, for all deceased grange members.

Refreshments were served at the close of the meeting.

Solon Tenure Curb Sought

WASHINGTON (AP)—A constitutional amendment that would prevent anyone over 70 from running for Congress is being proposed by a 67-year-old foe of the seniority system.

Rep. Everett G. Burkhalter, D-Calif., whose blast several weeks ago at the old-timers in control startled his colleagues, follows up Wednesday by introducing legislation to retire them.

His bill would limit senators to three 6-year terms, representatives to five 4-year terms—present terms are two years—and declare that no one could be elected after reaching 70.

Burkhalter, the oldest freshman in the House, has already announced he is quitting after one term. He says he is disgusted at being shackled by a system he says requires members to put in 20 or 25 years before they can hope to have much impact on the affairs of Congress.

Always Right... Always Proper!

Say it with FLOWERS

Want to say "Happy Anniversary" to a friend or loved one? Are you looking for a graceful "Thank You" to a hostess? No matter what the occasion... no matter what the thought to be expressed... the tasteful, graceful way is to SAY IT WITH FLOWERS.

It's so easy to send Flowers-by-Wire for any occasion even though you are miles away.

Brehmer Greenhouses
Since 1887

WASHINGTON (AP) — "The presidency," the man said, "is no place for a timid soul or a torpid spirit." Later, he added this: "I strive to please."

The man is Lyndon B. Johnson, who will be in the White House six months Friday. He's been neither timid nor torpid. Anything but.

And he's been so anxious to please he has acted like a one-man rescue squad for anything that ails the country.

He's been the bounciest president since Theodore Roosevelt and more willing to stick his neck out than any president since Harry S. Truman.

He went into the heart of the segregation country — Atlanta — to make a speech on civil rights and was almost mobbed by happy Georgians.

He promised to shut down needless military bases and got surprisingly little bad reaction, although if there's anything a congressman doesn't like it is a base shut down in his district.

He asked business and labor leaders to dinner at the White House — but not at the same time — and asked the former to keep down prices and the latter to keep down wage demands.

Both groups liked him, although this doesn't mean they'll do what he asked. This week the AFL-CIO said it wouldn't.

It's in trying to please that he outdid himself, if that's possible.

You're old? He's pushing a health care program. You're poor? He has an antipov

program. You need money? He got Congress to approve a tax cut. You like to travel? He hopes to have a man on the moon by 1970.

You're a woman? He's made a production of putting women in good government jobs. You want more pay? He's asked Congress to broaden the minimum wage law and in some cases require double-time pay for overtime.

He even thought of people who like big muscles. He has a physical fitness program with Stan Musial, a baseball great, in charge. Or maybe you're a tightwad who wants tightwads in government. He's thought of that, too.

He cut the budget and goes around turning out White House fights to save on electricity, although he's probably running up the biggest presidential telephone bill in history, calling people to get on the ball.

He uses the telephone like a third arm. He gets little sleep, works day and night, and, so the rumor goes, holds his friends up by the ears to get things done.

No president in memory has kept reporters panting so far trying to keep up with him, on foot, on wheels and on paper.

In one spurt he made 30 speeches in two weeks. He traveled the Appalachian trail twice, visited the World's Fair and shook hands with White House tourists.

He dances as long as there's a woman left standing at White House shindigs, and holds news conferences on the spur of the moment or while trotting six times around his garden.

With all that said, the next question is: How's he doing? Fine, from all accounts. He's riding so high in popularity polls the Republicans, in this presidential election year, seem to have had some of the steam taken out of them.

Perhaps his greatest single-handed achievement — in the sense of working at it personally — was getting the rail dispute settled. It had seemed impossible but the result electrified him. Then he really started walking and talking.

If knowing how to deal with members of Congress helps a president, Johnson ought to set a record. He was in Congress himself 24 years, a longer service than any president before taking office. And he's working at it.

He has had success on some things—like a tax cut, a farm

program, a foreign aid bill he could live with—but all the big tests lie ahead, at home and abroad, and the country should know far more about him by election time.

His major programs are still hung up in Congress, like civil rights and health care. His problems abroad haven't been back-breaking so far but they may become so soon, particularly in Southeast Asia.

Judge Rules Drag Racing Law Illegal

TOLEDO, Ohio (AP)—A Toledo city court judge believes Ohio's drag racing law is unconstitutional. He threw out cases against two Toledo men.

Judge George N. Kiroff said the law against drag racing on streets and highways places on the accused the burden of proving his innocence instead of requiring the prosecution to establish guilt beyond a reasonable doubt.

The ruling came in a case against Stanley Bojanowski, 23, and John P. Schultz, 21. The two were arrested May 7, 1963, after a policeman said the two motorists stopped, side-by-side at a traffic light on a dual-lane highway and then started off rapidly, eventually increasing their speeds to 60 m.p.h.

An attorney representing Schultz, asked that the charges be dropped.

Judge Kiroff, who said he had spent several months researching the law, said drag racing cannot be tolerated, but he added:

"No matter how abhorrent drag racing might be, the legislature has gone too far when it requires a person to prove his innocence rather than the prosecution to prove his guilt."

The judge said that many highways and expressways are multilane and in a heavy flow of traffic it is common for motorists to start up together and continue side by side for several miles.

"Whenever this occurs," Judge Kiroff said, "if the motorists should exceed the prima facie (posted) speed limit by any amount, must they be put in the position of proving that they were not drag racing? This court thinks not."

QUARTER-CENTURY AWARD — Harry W. Diehl (right) is presented a Quarter-Century Award here in recognition of his 25 years of service with General Electric. Making the presentation is E. G. Grigg, local GE plant manager. Diehl is general foreman of Circline, Coating and Coiling at the Circleville plant.

Weekly Food Review

Beef and chicken for spring cook-out treats are featured at the nation's groceries this week-end.

Beef steaks are getting a big push in many shops and roasts are almost a universal attraction.

Broiler-fryers are lights offerings in almost all regions, though wholesale prices are up slightly on the West Coast.

Baking hens and stewing hens are regional poultry features. Pork attractions this weekend include loin roasts, bacon, chops and ham slices.

Veal and spring lamb are among other main dish items offered across the country.

Fresh vegetable features continue to expand under the lengthening sun, with broccoli rabe, turnip tops, Swiss chard, green onions, okra, field peas, eggplant, radishes, spinach, squash and sweet corn among regional new additions.

They join asparagus, artichokes, cabbage, carrots, celery, lettuce, potatoes and tomatoes on the plentiful list.

The fresh fruit line-up this weekend has several new regional entries, including blackberries and new peaches in the Southwest. Nationally plentiful are avocados, bananas, lemons, oranges, strawberries and watermelon.

Way To Celebrate

ARKANSAS CITY, Kan. (AP)—Mr. and Mrs. Harry Lewis of Arkansas City, whose birth dates are one day apart, celebrated their 84th birthday's together by taking their first airplane ride — a trip over the city.

Diehl Honored for 25 Years With General Electric Co.

Harry W. Diehl, general foreman at the Circleville General Electric Lamp plant has been recognized for completing 25 years of service with the company. He was presented the Quarter-Century Award at a recent GE supervisory meeting by E. G. Grigg, local plant manager.

A native of Niles O., Diehl began his GE career in 1939 as a stockroom attendant at General Electric's Mahoning Glass plant in Niles. He later held positions as production control supervisor and plant accountant at the Glass and Lamp plants in Bucyrus, O.

In October of 1948 he was transferred to the Circleville Lamp plant as plant accountant. In 1954 he was named general foreman of Circline, Coating and Coiling.

Diehl, a graduate of Youngstown University, is a World War II veteran with service in the European Theater.

ACTIVE in community affairs, the GE supervisor is currently serving as chairman of the Pickaway District of the Boy Scouts of America, a position he has held the past three years. He is Past President of the Circleville Rotary Club. He is a member of the vestry and a Sunday School teacher at Trinity Lutheran Church.

Diehl and his wife, Irene, reside at Dunkel Road. They have two sons, Bill, 17, and Phil, 13.

Probers Say Gun Fired in Doomed Plane

MARTINEZ, Calif. (AP)—Investigators report tangible evidence that a revolver was fired inside a Pacific Air Lines plane that crashed May 7.

Dr. L. H. Fraser, Contra Costa County coroner, said Tuesday a bullet hole has been found in the instrument panel of the plane, which carried all 44 persons aboard to their deaths when it nose-dived into a rural hillside.

Fraser said it has not been determined if a bullet struck anyone aboard the plane.

A revolver found in the wreckage was traced to Frank Gonzalez, 27, a passenger on the plane.

Investigators said Gonzalez, a native of the Philippines, was estranged from his wife and took out a big insurance policy for the trip.

Fraser said both of Gonzalez' hands have been recovered and now are under study by the FBI in Washington along with the revolver.

New Papers Filed for Dr. Sam

DAYTON, Ohio (AP)—Legal papers filed in U.S. District Court in the Sam Sheppard case charge that the judge in the murder trial was prejudiced against the former osteopath.

The papers, part of an agreed stipulation, were filed yesterday by F. Lee Bailey, the Boston attorney for Sheppard, and David Kessler, assistant attorney general for Ohio.

The papers contained a report of a May 9 interview Bailey and Kessler conducted with Dorothy Kilgallen, a New York newspaper columnist.

Miss Kilgallen told them that she talked with Cuyahoga County Common Pleas Court Judge Edward G. Blythin, trial judge in the Sheppard, shortly before the trial started.

Miss Kilgallen said Judge Blythin told her, "Well, he's guilty as hell. There's no question about it."

She said that, to the judge, the trial "seemed to be a mere formality."

Sheppard was convicted in the 1954 trial of second-degree murder in the slaying of his wife Marilyn in their Bay Village home. He has a habeas corpus action here asking for freedom on grounds his constitutional rights were violated before and during his trial.

Rhodes To Aid Firm Start New Expansion

BOWLING GREEN, Ohio (AP)—Gov. James A. Rhodes participated in ground-breaking ceremonies Wednesday for a \$2-million plant of the truck and construction equipment division of the Paul Hardeman, Inc. The company, which now employs 350, will move out of its old facility in this community when the new building is completed sometime in September.

Komodo dragons, largest of all living lizards, are found only on the steep-sloped island of Komodo in the Lesser Sunda chain of Indonesia and nearby Rintja, Padar and Flores.

CIVIL RIGHTS "NUDGE"—Protestant clergymen and laymen from 41 states "march" on the U.S. Capitol to urge senators to act at once on the embattled civil rights bill. The "march" is sponsored by the Commission on Religion and Race of the National Council of Churches.

CHS Golfers, Hurdle Ace Headed for State Events

CHS FOURSOME — The Circleville High School golf team will be competing in the State meet on the Ohio State University Scarlet course for the second consecutive year. The top foursome, left to right: Chuck Smith, Coach Bob Ransom, Bruce Hewlgen, Dick Patrick and Richard Fuhrman.

The Tiger golf team and track star Jim Wood will be representing Circleville High School and the South Central Ohio League in state competition tomorrow and Saturday at Columbus.

Wood, undefeated in the high and low hurdles, earned the right to attend the state meet by extending his win streak at the Worthington District.

His best times in the events are 19.3, set at the Newark Relays in the 180-yard low hurdles and 14.55 in the 120-yard high hurdles, set at the Upper Arlington Relays.

These marks are among the best in the state. The Tiger thinslapper appears to be assured of qualifying in Friday's preliminaries.

THE FINAL events will be run beginning 9 a. m. Saturday in the Ohio State University Stadium.

The Tiger golf squad is re-

Umpire Meet Set Monday

Tentative Schedule Will Be Arranged

Bob Wellington, summer supervisor for the Circleville Youth Baseball program, has scheduled a special meeting for all persons interested in umpiring.

The meeting will be 7:30 p. m. Monday at the Fairgrounds Coliseum.

Wellington said he has the names of 17 persons who plan to participate in the program as umpires this season.

A special umpire training school, sponsored by the Kiwanis Club, has held two sessions. The final meet will be conducted June 6 at the Circleville High School.

ACCORDING to Wellington, a nucleus of 30 umpires is needed to officiate at games during the summer.

The Circleville Youth baseball board of directors, in hopes of improving the umpire situation, has elected to pay the head umpire at each game.

Wellington is calling the special meeting in order to set up a tentative umpiring schedule for the season. The board has recommended that a minimum age limit of 18 be set for the chief umpires.

Stan Puts College Ahead of Baseball

NEW YORK (AP) — If Stan Musial had it to do all over again, he would go to college before he played professional baseball.

The retired star, now director of President Johnson's physical fitness program, revealed how he moved from \$65 a month in Class D to a \$100,000 a year salary with the Cardinals. He told how he learned a lesson in negotiation when he pointed out to Sam Breadon he would have to "play harder" because Terry Moore and Enos Slaughter were in service in 1943.

Owner Breadon reprimanded him by saying, "I thought you were the kind of ball player who gave your all in every game."

The lesson stuck with Musial.

Olympic Ring Team Hailed

10-Man Outfit Selected by U.S.

NEW YORK (AP)—The coach of the American Olympic boxing team doesn't want to go out on a limb until he sees what other nations have to offer but he believes "we have a good, solid team."

The 10-man team determined by the three-day Olympic Trials which ended Wednesday night, includes Buster Mathis, the 6-foot-3, 295-pound, 19-year-old giant from Grand Rapids, Mich.

Buster, known also as Little Big Daddy, delighted most of a crowd of 1,500 in the Singer Bowl at the World's Fair by outspeeding and outpointing Joe Frazier, the 195-pound knockout artist from Philadelphia, in the heavyweight wind-up of a rousing card of 10 finals.

"He's real fast for a big man," said M. Sgt. Freddie Lenn of the Camp Pendleton Marines, who will coach the Tokyo-bound boxers. "He makes good moves and jabs well. He's a good boy."

Competent observers, including pro managers Gus D'Amato and Gil Clancy, feel that Uncle Sam has a first-rate team.

The other nine winners were flyweight Bob Carmody, 25, of Fort Campbell, Ky., and Brooklyn; bantamweight Lou Johnson, 25, of Bolling AFB and Portland, Ore.; featherweight Charley Brown, 25, of the Camp Pendleton Marines and Cincinnati; lightweight Ron Harris, 17, of Detroit; light welterweight

Charley Ellis, 20, of the Army's Eighth Division and Louisville, light welterweight Maurice Filot, 23, of Camp Pendleton and Denver; light middleweight Toby Gibson, 21, of Spokane, Wash.; middleweight Jim Rosette, 26, a Navy airman from San Diego; and light heavyweight Harley Cooper, 23, of the Offutt AFB, Omaha.

The Wilmington relay team, running together for the second time this year, consists of Dugan Bailey, Craig Zeigler, Bucky Scott and Larry Donaldson. They had a time of 1:29.8, just a step behind Dayton Roosevelt's winning mark of 1:29.4.

Because of entry in individual events, this foursome has not raced as a team this year, except at the Mansfield Relays where they turned in a time of 1:34.2.

WOOD AND COACH — Jim Lint, Circleville High School track coach, holds a stop watch on his top hurdler, Jim Wood. Wood will represent the Circleville Track team in the state meet slated tomorrow and Saturday at Ohio State University.

Youth Baseball Tilts Here Scheduled To Start June 1

The Circleville Youth Baseball program is scheduled to begin June 1, just a little more than a week away, it has been announced by Bill Thomas, baseball program president.

Uniforms will be distributed to teams Wednesday. The announcement was made during a meeting of the board of directors at the Fairgrounds last night.

Thomas said some equipment was never returned after last season. He said some shortages may crop up.

He urged anyone who still has a uniform or some other piece of equipment to return it to his residence, 500 Stella Ave.

JOE GIBBS, player agent for the Babe Ruth Leagues, reported that three managers are still needed.

Gibbs said the VFW, Third National Bank and Kochheiser

Charley Ellis, 20, of the Army's Eighth Division and Louisville, light welterweight Maurice Filot, 23, of Camp Pendleton and Denver; light middleweight Toby Gibson, 21, of Spokane, Wash.; middleweight Jim Rosette, 26, a Navy airman from San Diego; and light heavyweight Harley Cooper, 23, of the Offutt AFB, Omaha.

The final meeting of the managers prior to league competition will be held 7 p. m. tonight in the Ashville Council house.

USE THE CLASSIFIEDS

teams do not have managers. Persons interested in working with a team in the program may contact him.

Also up for discussion during the meeting of the board of directors was the annual Candy sale, which will be scheduled June 6.

Current plans call for the entire community to be canvassed on that day by members of the teams. Baseball officials hope the sale will be completed in one day this year.

Another proposed fund raising function discussed was a fish fry. A tentative date of June 20 has been set for the event.

Flippo Slated At Teays Valley

Flippo The Clown and his slop-slop softball team will appear at Teays Valley High School 8:30 p. m. June 2 to play the managers of the Teays Valley Youth Baseball League.

The public is invited to attend the game.

The final meeting of the managers prior to league competition will be held 7 p. m. tonight in the Ashville Council house.

USE THE CLASSIFIEDS

Logan Elm Edges Deers

Logan Elm held on to a share of first place in the Pickaway County League yesterday by edging visiting Williamsport, 4-3.

Mike Spangler picked up the win. He whiffed eight Williamsport batters, walked five and allowed only two hits.

In the fourth inning he aided his own cause by cracking a two-run single. The Braves trailed 2-1 at the time.

Williamsport came back to knot the game in the top of the sixth with a run. But the winners went ahead for good in the bottom half of the frame.

BOB STRAWSER scored the winning run. He was safe on a single, went to second on a passed ball and then scored on Darryl Reichelderfer's well hit one-bagger.

Five Logan Elm errors played a hand in the Deers scoring. They had two hits, singles by Rick Fenstermaker and Bruce Willis.

Tom Hammon was the losing pitcher. He fanned four and walked two in his route going performance.

The Logan Elm Braves now own a 5-2 record, identical with Jackson High School.

Tonight the Braves play Darby in a final game. Jackson meets Williamsport on Friday.

Braulio Baeza, Panamanian jockey, rated third behind Bob Ussery and John Rotz in money won at Aqueduct and Saratoga last year. His horses earned 1,136,523.

Willie Mays Worried by Hit Slump

Giants Star Goes Whiffing for His 5th Straight Tilt
By THE ASSOCIATED PRESS
"It can't go on," said Willie Mays.

He's right. One of these days he's got to get a hit.
Mays made the prediction less than two weeks ago when he was smacking the ball at a 478 clip, but it's just as apt now with Willie struggling to break out of a deep slump that has shriveled his average to .393.
Mays went hitless for the fifth straight game and Juan Marichal had his 12-game victory string snapped Wednesday as the San Francisco Giants lost to Philadelphia 7-2 and tumbled into second place behind the National league-leading Phillies.

Mays' 0-for-3 performance dropped him under the .400 mark for the first time since the opening days of the season and left him with a string of 10 hitless trips to the plate. In the last nine games, Mays is only 3-for-27, a .111 clip that has whacked 85 points off his batting average.

John Callison of the Phillies added to his average with a 5-for-5 performance, stroking a homer and four singles, driving in three runs and scoring twice as the Phillies handed Marichal his first defeat since Aug. 30, 1963, and left the Giant ace with a 6-1 record.

Meanwhile, the St. Louis Cardinals moved to within one game of first place by edging the Chicago Cubs 1-0 behind Bob Gibson's four-hit, 12-strikeout pitching.

Elsewhere, Joe Torre hit a grand-slam homer and drove in five runs in Milwaukee's 7-3 victory over Cincinnati, the Los Angeles Dodgers defeated the New York Mets 4-1 and Pittsburgh nipped Houston 4-3.

In the American League, Baltimore belted Kansas City 8-3, Minnesota walloped the New York Yankees 7-4, Washington thumped Detroit 10-3 and Boston downed the Los Angeles Angels 4-3. Cleveland and the Chicago White Sox were not scheduled.

The Phillies moved ahead 3-1 in the fifth, chasing Marichal when rookie Richie Allen hit a solo homer and Wes Covington connected with one on. Art Mahaffey started for Philadelphia but Jack Baldschun came on in the bottom of the fifth when the Giants had one run in and the bases loaded. A spectacular fielding play by Bobby Wine on Jim Hart's shot up the middle started a three-ending double-play.

Gibson, now 4-0, retired the last 17 men in order and won his duel with the Cubs' Larry Jackson when consecutive singles by Dick Groat, Ken Boyer and Bill White brought in the Cardinal run in the eighth inning. Jackson, 5-3 and a winner against his former teammates only once in seven decisions, had allowed only five hits before the decisive trio.

Eddie Mathews put the Braves ahead to stay, doubling Frank Bolling home for a 3-2 lead in the seventh. Torre, who singled home a run in the first, put the finishing touches on by hitting his grand slam in the ninth. Frank Robinson hit his seventh homer for the Reds, temporarily tying the game 2-2 in the fourth inning.

Nick Willhite and Ron Peranoski combined on a six-hitter for the Dodgers, Willhite allowing the Mets only run in the third on two errors sandwiched around Dick Smith's single. That tied the score 1-1. The Dodgers regained the lead in the fourth when Frank Howard walked took second on a wild pickoff attempt and scored on Doug Camilli's single. A two-run eighth put it out of reach.

Bob Veale and Al McBean collaborated on a five-hitter for the Pirates. The Colts scored their three runs with only one hit. Walt Bond hitting a two-

High Schoolers Await 4-Ply Sports Carnival

COLUMBUS, Ohio (AP) — Thousands of youngsters will descend on the state capital this weekend for the Ohio high school four-sport championship carnival.

Ohio State University's athletic plant will be the scene of the two-day 57th track - field, 37th baseball, 38th golf and 45th tennis title tournaments.

The kids won their way to the finals in eliminations which have been going on for weeks. The big change this year is in track - field competition. Ohio State has installed a new rubber-asphalt track, minus the spurs which permitted long straightaways on each side of the stadium oval.

As a result the 180-yard low hurdles and the 220-yard dash events will be run around a curve for the first time. And also for the first time, the quarter-mile will be run in lanes all the way.

The track-field preliminaries trimming the field for Saturday's championship events get under way at 9 a.m. Friday and run through 4:45 p.m. Spectators will be admitted free to the Friday events, during which the Class A shot and pole vault, and the Class AA discus finals will be held.

Saturday's field events start at 9:30 a.m., with the first running competition at 1:30 p.m. The gate fee is \$1.

The meet is a costly one for the state association. Franklin County schools receive \$3 for each boy in competition. Those outside the county and less than 40 miles away get \$4. Others, on a mileage basis, receive: 40 to 80 miles, \$8; 80 to 100 miles, \$10; 100 to 140 miles, \$14; 140 to 160 miles, \$16, over 160

miles, \$8. The coach gets the same.

Dayton Dunbar, which nosed out Cleveland Glenmille 29½ to 28 to take last year's Class AA title, is expected to be a big threat again — mostly on the speed of Craig Wallace who shines in the dashes, hurdles and broad jump. Cincinnati DePorres outpointed Lakeside 3 to 16 for the 1963 Class A crown, but that division could go to any of five or six teams.

Last year the association had a \$16,713 deficit on the state track meet, along with \$3,177 in baseball, \$2,075 in golf, and \$1,186 in tennis.

Euclid and Powhatan Point, last year's baseball champions, fell by the wayside in this year's qualifiers. Dayton Cham-inade meets Cleveland Benedictine, and Lancaster opposes Lima Senior in Class AA at 1:30 p.m., Friday, with the victors going for the laurels at 11 a.m. Saturday.

In Class A, Northwestern meets Liberty Union, and New Lebanon Dixie plays North Central of Williams County at 10 a.m., Friday, and the winners vie at 11 a.m. Saturday for the championship. Lima Senior, 9-4 loser to Euclid in the 1963 finals, is the lone repeater in the baseball field.

The golfers play the first of two 18-hole rounds at 10 a.m. Friday, the second at 7:30 a.m. Saturday. Kettering Fairmont won the team title in 1963, beating Circleville 638 to 646 on the four-man basis, while Alex Antonio of Hubbard put together

rounds of 71-71-142 to annex the individual crown.

Singles and doubles teams from each of nine district meets open play at 1 p.m. Friday in the tennis tournament, with the semi-finals at 10 a.m. Saturday, and the finals at 1 p.m. Last year the singles title went to Tom Mansfield of Upper Arlington, and the doubles to Mike Jeffries and Paul Mitchell of Worthington.

(Continued from Page One)
you're behind, continued his charging drive today to pull off another Oregon victory in California.

Rockefeller himself shied away from outright predictions. All he said is that he has faith the voters will choose his self-styled brand of political moderation in his June 2 presidential primary showdown with Sen. Barry Goldwater of Arizona.

But it's evident the entire mood of his campaign has brightened since the New York governor won in Oregon balloting last week. Rockefeller managers are openly optimistic for the first time over his chances here.

They were particularly elated by the turnout for a reception Wednesday night in Anaheim, in conservative Orange County, widely considered a Goldwater stronghold.

Rockefeller, mixing smiles and small talk, stood for three and a half hours to shake hands with a crowd estimated as upwards of 5,000. Goldwater supporters distributed an anti-Rockefeller booklet called "Choice, Not An Echo" but there were no incidents.

The reception capped a day in which Rockefeller delivered three speeches in Riverside and San Bernardino, appeared on a half dozen radio and television programs, submitted to questions from several audiences and pumped hundreds of hands in an unscheduled visit to Disneyland.

"There are a lot of voters down there," he remarked to newsmen as he rode in Disneyland's monorail.

Many of the people he greeted were out-of-staters, but this same personal campaigning is credited with helping Rockefeller beat both Ambassador Henry Cabot Lodge and Goldwater in Oregon.

Answering questions at San Bernardino Valley College, he was asked what happened in Oregon after political experts and pollsters gave him up weeks before the election.

"You don't pull out," he said, "you just fight a little harder." Rockefeller kept firing at Goldwater, with criticism of the Democratic administration sandwiched in between.

Business News

Gas Company Pipeline Job Is Under Way

Work is under way on a \$210,000 Ohio Fuel Gas Co. pipeline replacement project in parts of Pickaway and Madison Counties to improve natural gas service to Columbia Gas of Ohio customers in Ashville, Millport and South Bloomfield and wholesale deliveries to Dayton Power and Light Co. and the Cincinnati Gas and Electric Co., it was announced today.

Columbia of Ohio and Ohio Fuel are sister companies in the Columbia Gas System, Inc.

G. Ninde Lawson, Circleville manager for Columbia Gas said more than a quarter mile of new pipeline — up to 20 inches in diameter — will be laid to replace two sections of an existing Ohio Fuel pipeline that extends westward from Ohio Fuel's Crawford Compressor Station near Sugar Grove.

The sections to be replaced are southeast of Ashville in Pickaway County and northwest of Sedalia in Madison County.

Central Pipelines Co. of Lima is making the replacements for Ohio Fuel. Gould Bethel of Springfield is supervisor for Ohio Fuel's Pipelines Department and Ralph Strohl of Springfield is inspector.

Work is expected to be completed before June 1, Lawson said.

Berserk Man Kills 7 in Shotgun Binge

NASSAU, Bahamas (AP)—A man with a shotgun rampaged through Nassau's southern suburbs Wednesday night killing seven persons — including himself — and wounding six in a two-hour automobile foray.

"It was one of the worst nights in my experience," said Chief Criminal Investigator Stanley Moir.

Dozens of police, who had cordoned off a two-square-mile area and searched it in vain for the slayer, found Ruben Rolle, 30, in his home, dead of shotgun wounds. The weapon lay nearby.

Police Commissioner Nigel Morris said authorities did not establish a motive immediately but "the first person he shot was his wife."

Police said Rolle went berserk, took a friend's automobile and roared through South Nassau, leaving a wake of bodies, and terrified telephone callers beseeching police help.

All those slain except Mrs. Rolle were men. The hospitalized people all were neighbors. Police hoped some would be able to give them an inkling of what touched off the shootings.

The bloody shooting spree indirectly brought about one additional death. Alfred Grinton, a resident who went to the aid of wounded victims, dropped dead apparently from a heart attack induced by excitement.

Today in Washington

By THE ASSOCIATED PRESS
WASHINGTON (AP)—In the news from Washington:

PAY RAISE: The House Rules Committee approved Wednesday a new federal pay raise bill. Like one defeated earlier in the session by the House, it includes a salary increase for congressmen.

The new bill, which was cleared for the floor by a 9-3 vote, would boost congressional salaries \$7,500—from \$22,500 to \$30,000. The defeated measure would have authorized a \$10,000 raise.

Over-all the bill calls for increases totaling \$533 million, compared with \$668 million in the earlier bill.

Amendments will be permitted during the four-hour House floor debate.

FISHING - JAPAN: President Johnson signed a law Wednesday to regulate fishing by foreign vessels in American waters. He said the United States would try to work out enforcement procedures in advance with the foreign countries involved.

The law was proposed originally to cope with illegal Cuban fishing operations in U.S. territorial waters. But Japan said another section is aimed at Japanese king crab fishing operations off Alaska and it has threatened to ignore the new law.

FARM APPROPRIATION: The House passed Wednesday and sent to the Senate a \$5,182,665,000 agriculture appropriation bill after reversing a previous decision to spend \$1.6 million for a peanut research laboratory.

By a roll call vote of 198 to

\$900,000 Released

For Clinton Air Base

CINCINNATI (AP) — Col. Ralph Pastor, U.S. Air Force regional civil engineer, Ohio River Division, announced today the release of \$900,000 for construction at Clinton County Air Force Base, Wilmington.

Construction is to include aircraft shelters and additional ammunition storage facilities.

Brotherhood To Meet

Trinity Lutheran Brotherhood will meet 7:30 p. m. today in the parish house.

Slated on the program is volleyball and the showing of movies.

A trophy will be awarded to Walter Rase for having attained the highest average in dartsball.

Vienna's Spanish Riding School preserves a fragile but precious tradition of horsemanship that was common to the Greek world of Xenophon.

DENIES "SKIPPING OUT" — Billie Sol Estes (above), the bankrupt and convicted former boy wonder of farm promotion, denies in Abilene, Tex., that he violated Immigration Service orders not to leave the country while his case is in litigation. He was reported to have crossed into Mexico from El Paso. "I haven't been in Mexico and I don't intend to go," he said.

Large Crowd Present for TV Concert

A colorful and entertaining concert presented by the Teays Valley High School Music Department Saturday evening was attended by about 600 persons.

The program included a variety that ranged from "Hootenanny" and dance band arrangements to serious music by the mixed chorus and concert band.

Martin Younklin was featured piano soloist with the concert band in a performance of Ger-shwin's "Rhapsody in Blue." The finale of the evening was a performance of "America the Beautiful." Special lighting effects were used during this number.

Miss Mary Jo Gaskalla directed the concert.

USE THE CLASSIFIEDS

Pupils Honor Mrs. Maxwell

It was a special day yesterday for Mrs. Mildred Maxwell, retiring 6th grade teacher at Pickaway Twp. School.

Students in the 6th, 7th and 8th grades, along with faculty members, joined forces in observing "M Day" throughout the school in honor of Mrs. Maxwell.

She will retire at the end of this term after serving 38 years as a teacher.

The veteran instructor was honored during a morning assembly. The school combined in awarding her a variety of potted flowers.

In further tribute, students and fellow teachers wore "M" cards, during the day as part of the special observance.

Committeeman Wins Post on Flip of Coin

XENIA, Ohio (AP) — Press Alexander is the Democratic central committeeman of near-by Beaver Township—by the toss of a coin.

Alexander won the toss Wednesday from Mrs. Oscar Marcum after a recount of May 5 primary ballots showed 646 votes for each candidate.

The domed ceiling of the main reading room of the Library of Congress rises 160 feet above the floor.
